Title	Advanced Placement Credit
Code	AP 4236
Status	Active
Legal	Education Code Section 79500
Adopted	November 17, 2020
Origin	Vice President, Academic Affairs

**Definition:** Advanced Placement (AP) is a program in the United States and Canada created by the College Board which offers college-level curricula and examinations to high school students. American colleges and universities may grant placement and course credit to students who obtain high scores on the examinations. **Course Credit:** Any student who passes a College Board Advanced Placement (AP) examination with a minimum score of three in a subject matter will be awarded credit in a general education area with a subject matter similar to that of the AP examination.

For any AP examination that the District does not offer a course similar in content, the District will award credit in the General Education area shown on the California Community College General Education AP List. If there is no General Education area that fits the AP Examination, the District may award elective credit.

The District shall post this Advanced Placement Credit procedure on its website.
