DSPS is the primary vehicle by which the District accommodates students with disabilities. Programming within this unit provides for the following services and academic offerings:

- Procedure for timely response to accommodation requests involving academic adjustments which, at a minimum, provides for an individualized review of each such request, and permits interim decisions on such requests pending final resolution by the appropriate administrator or designee;
- Long-range goals and short term objectives for the program;
- Definitions of disabilities and students eligible for the program;
- Support services and instruction that is provided;
- Technology accessibility;
- Verification of disability;
- Student rights and responsibilities;
- Student academic accommodation plan that is developed by the appropriate DSPS certificated staff member in consultation with the student;
- Academic accommodations, adjustments, auxiliary aids and services;
- Provisions for course substitution and waivers;
- Staffing;
- Advisory committee;
- Assessment for Learning Disabilities Eligibility; and
- Curricular offerings in basic skills, academic strategies, assistive technology, and adaptive P.E.
