Item 10: **Fund Development**

- a) Short Term – The Foundation reviewed the RHSI summary for Year 4 which details funds received October 1, 2009 through July 7, 2010. President Cook reminded the Board there are still upcoming events which will bring additional revenue to the RHSI endowment prior to the year-end deadline of September 30, 2010.
- b) Long Term / Business Development – Mr. Messer showed a PowerPoint presentation with an overview of the Business Development Task Force and the Community Education Plan. (Mr. Messers' presentation is attached.)

Ms. Marmet recommended Mr. Messer meet with Mr. Lawrence and Dr. Frost to define "Community Education." Several months ago Mr. Lawrence made the decision to move the oversight and management of the Community Education Program to the Foundation. State funding is being reduced for this program and eventually will no longer be available. Renata Funke, Director of the Yreka Campus and Community Education Coordinator, has been reassigned and will work under the umbrella of the Foundation for the next two years solely on the development, implementation, and running of the Community Education Program. She is now co-located with the Foundation Office. Although this Program will eventually be managed by the Foundation, during the interim Ms. Funke will report to Dr. Frost. Dr. Frost said the ability to bring new resources into the community through the Foundation is a great opportunity and this option is also good for the College.

Mr. Messer said there are still a lot of questions to be addressed and he is working with Mr. Crow, Vice President of Administrative Services and the College Legal Council to make sure this Program is handled in a professional and legal manner.

- Item 11: **Report from the Office of the College President**

He also reported the College received its report on Accreditation which identifies strengths and weaknesses as well as recommendations to be addressed. COS received a "Warning" sanction which Mr. Lawrence said he feels is a "bit wrong." Mr. Lawrence said the College has until March 2011 to correct the deficiencies.
