TITLE: CREDIT BY EXAMINATION

Revision Date: 12/08, 3/2/10; May 14, 2013; XX 2017

Responsible Office: Vice President, Student Learning Office

Policy References: Title 5 Section 55050

Credit by exam can only be earned by a student who is registered at the college and in good standing and only for a course listed in the catalog of the community college.

Credit by examination may be awarded when students, through available examinations, prove mastery of the course content as set forth in the outline of record.

Credit may be awarded for prior experience or prior learning only in terms of individually identified courses for which examinations are conducted pursuant to this section.

Whether or not credit by examination may be earned in any given course will be determined by a majority of the faculty in the discipline. Only disciplines with full-time faculty may be available for credit by exam. Not later than June 1 of any calendar year, the discipline faculty shall inform the Office of Instruction which courses, if any, will be available for credit by examination in the subsequent academic year and the methods that will be used to determine credit, which may include the following:

- **Advanced Placement Examinations (AP)**
Credit is awarded to students who achieve a score of 3 or higher on an Advanced Placement Examination. The credit earned and transcript notations are made by the Director of Enrollment Services. All transcript notations are marked as "AP Credit". Contact Counseling Services for details.
- **College Level Examination Program (CLEP)**
Credit is awarded for passing selected CLEP exams. Contact Counseling Services for details.
- **International Baccalaureate (IB) Program**
Credit is awarded for passing designated IB exams. Contact Counseling Services for details.
- **Other examinations determined appropriate by a majority of the full-time faculty.**
- **Other examinations created by the full-time faculty.**

The student will be allowed to take the exam only once. The student will receive a letter grade (A-F), which will be noted on the academic transcript in the additional college credit section, not in a specific semester, and will be identified as "Credit by Exam". Students may choose the Pass/No Pass grading option.

Applications for credit by examinations are available in Enrollment Services or Counseling Services.

Credits acquired by examination are not applicable to meeting unit load requirements such as Selective Service deferment, Financial Aid, Veteran's or Social Security benefits, or total semester units.

Credits acquired by examination shall not be counted in determining the 12 semester units of credit in residence required for an Associate degree.

A student may earn no more than 12 units through credit by examination.
