## College of the Siskiyous, Partnership Resource Team Visit
## October 28, 2016

| Time | Focus Area | Entity | Individuals | Purpose for Meeting |
|---|---|---|---|---|
| 0900-1000 | Data Collection/SLO Collection problems | President's Executive Cabinet | Scotty Thomason, President; Nancy Funk, Vice President Administrative Services; Melissa Green, Vice President Student Services, Theresa Richmond, Assistant Vice President, Human Resources; Todd Scott, Vice President, Instruction. | Discussion of overall issues regarding treatment areas from executive perspective. |
| 1000-1200 | Data Collection | | Bart Scott, Director of Research and Evaluation Ben Harris, Tech Services | Bart Scott is the College researcher and responsible for the conducting research and providing data to faculty/administration on student success data, data for program reviews and data for SLO assessments. Ben Harris is a tech services analyst who is responsible for creating reports from Banner data that the college researcher can use to analyze and report on the data. *These are 2 critical members who best can describe the limitations of our data availability* |
| 1200-1300 | Lunch | | | |
| 1300-1400 | SLO Collection problems | Senate Executive Board/Faculty Association Executive Board | | The Senate and Faulty Association Board have alternative views of program review and SLO data reporting |

| | | | | |
|---|---|---|---|---|
| | | | | than the program review committee have. We think that it's valuable to have multiple faculty views on our current systems of program review and SLO data collection and reporting. |
| 1400-1600 | Data Collection/SLO Collection problems | Program Review Committee | | See above, program review committee can provide the current struggles with CurricUnet and their attempts to "convince" faculty that completing program review and SLO assessments are necessary responsibilities and important to the effectiveness of the institution and student learning. Program review committee is responsible for program review obviously but as part of the program review the collection and reporting of SLO data. Consideration, as outlined in the detailed treatment is the creation of a separate SLO committee with an SLO coordinator to oversee SLOs. The program review committee chair is currently responsible for this task. |
