PLEASE JOIN THE SISKIYOU COUNTY FIRE WARDEN IN SUPPORTING MEASURE A

“As a career firefighter for over 30 years and a Siskiyou County resident for the past 19 years, I believe Measure A is critically important for the future of firefighters and paramedics in Siskiyou County.

The current facilities need to be updated and improved so that the people who keep our communities safe can receive the best possible training.

Please join me in supporting Measure A for the College of the Siskiyous.”

— ALAN STOVALL, SISKIYOU COUNTY FIRE WARDEN

MEASURE A WILL GIVE SISKIYOU COUNTY'S NURSES AND FIREFIGHTERS IMPORTANT HANDS-ON TRAINING

For more than 40 years, College of the Siskiyous has provided local residents with job training and retraining, academic preparation for 4-year colleges, while also ensuring that local nurses and firefighters receive quality training to serve our county. With Measure A, currently outdated and undersized classrooms and facilities can be improved and expanded for future students of all ages.

- Measure A will fund a Rural Health Sciences Institute to train even more nurses and health professionals every year in the latest medical techniques. Most of these nurses will stay here in Siskiyou County and work at local hospitals.
- Measure A will help build a Fire Science classroom facility to train future firefighters on the latest techniques and equipment.
- Measure A will also make badly-needed safety repairs and upgrades to facilities and classrooms on the Weed campus.
- Measure A will generate over \$31 million in local construction projects which will create local jobs and boost the local economy.
- Measure A includes strict accountability provisions, independent audits and citizen oversight of all spending to ensure that every dollar raised by Measure A will be spent efficiently and only on the identified projects.
- Measure A funds will qualify COS for state matching funds for upgrades and repairs that will otherwise be lost to other colleges. By law, no funds raised by Measure A can be taken by the state or spent on administrative salaries.
