ACTION ITEMS

Consent Agenda

Item 5. Reading of the Minutes – attached
It was moved and seconded (Shaskey/Wilson) to approve the minutes of the 7th meeting, a regular meeting, held on Monday, August 25, 2008, of the Citizens’ Bond Oversight Committee. The motion carried with the following vote: 8 ayes, 0 noes, 4 absent.
Item 6. **Summary of Bond Projects**

Kent Gross reviewed a statement showing a summary of revenue and expenditures for specific bond projects. Kent apologized for the percentage error in the total expenditures. The error was due to a formula which calculated expenditures beyond the proceeds for the first bond sale.

The efforts to renovate the Science building were suspended when we began having meetings with the Chancellor’s Office to build a new building. It is much more cost effective for the Chancellor’s Office to build a new building than it is to renovate the old one. This project will not be under the scope of the Citizens’ Bond Oversight Committee.

Steve Crow reported that Mark Healy and Dan Prideaux have kept us on track with regards to project management and monitoring daily projects.

It was moved and seconded (Ohlund/Dillmann) to approve the summary of revenue and expenditures. The motion carried with the following vote: 8 ayes, 0 noes, 4 absent.

**REGULAR AGENDA**
