Item 6. **Review / Discuss CBOC Annual Report**

A draft of the Annual Report (July 1, 2007 – June 30, 2008) was discussed by the Committee. The following comments were made:

- Insert areas where LEED Certification materials have come from.
- Mention the Foundation ongoing endowment to maintain new facilities.
- Sub-Contracting With Local Businesses
- Letter from CBOC thanking Foundation for raising funds for endowment.

It was moved and seconded (Shaskey/McCrillis) to approve the Annual Report subject to minor changes/revisions via e-mail vote. The motion carried with the following vote: 8 ayes, 0 noes, 4 absent.

The following comments were received via e-mail from Barbara Dillmann, who was absent during the February 23rd meeting:

“I am not sure as to the audience. If it is only the Board then they would be aware of the last report and would not need that repeated. However, if this is published to the public (many of them would probably not have read the first one), then I would suggest that this be a continuation of the first report as this one does not indicate the work already completed in the dorms. As a K-12 educator, I think it would be good to know the connectivity between the area high schools and COS and the instructional classes that are being offered or articulated. I also do not read much on the progress toward the Distance Learning Network and upgrade of technology and infrastructure in this report. And I remember emphasis on making the training center a "smart" building but I didn't see reference to that either. Just a few thoughts. Hope this helps. Barbara”
