Discussion was held on payment of the Bond Anticipation Note which is due in December 2013.

REPORTS / NO ACTION

Item 3. Progress Reports
The progress report was distributed and reviewed. Kent noted that there hasn’t been much activity in the last two years. Some funds were used on the Science Building, to support Banner and complete signage in 2012. The temporary (modular) buildings located by the baseball field were also removed. A discussion was held on how to expending the $6.4 million once the remaining bonds are sold. This will depend on the original list that was created when the bond measure passed, the Educational Master Plan and the Facilities Master Plan. We do have a process in place for sequencing and prioritizing.
