Item 3. Good of the Order

Neil stated that a subcommittee is currently working on developing a policy for Distance Education. Once the draft is ready, it will be brought to the Curriculum Committee for approval.

Valerie recently met with the scheduling group and they inquired if there was a list available of courses that have been approved for distance education (DE). Eric stated that there is such a report available in CurricUNET. The scheduling group also wanted to know if there was a way to fast track a course through the curriculum process for DE approval only. After much discussion, Neil stated that the Curriculum Committee should continue their talk on how to handle these courses. In the meantime, Valerie will work with Margie White to develop a list of courses that are not currently approved for DE but that the College would like to offer through DE in the future.
