Item 5. Good of the Order

In the comment section of the approval process for THEA 1150, Eric Houck raised the question that if a course is submitted with several minor changes, together do they constitute a substantial change? The Committee believed that it as long as all the changes were minor the course should be sent through the consent only approval process.

Neil stated that the proposed guidelines for the General Education Taskforce were forward to Academic Senate to be reviewed at their next meeting on Thursday, April 9. Dave Clarke emailed his recommended amendments after Neil had already forwarded the original document to the Academic Senate. Dave agreed to note his proposed changes during Thursday's meeting.

Neil will update the Curriculum Webpage to include references to accreditation standards.
