- 1) **Meeting notes:** Notes from previous meeting were distributed, reviewed, and approved.
- 2) **Cloud Migration Update:** The cloud migration discussed in the previous meeting was not implemented in order to preserve single sign-on capabilities between Luminis (Navigator) and self-serve Banner. Instead, the Banner migration will occur in tandem with the Luminis upgrade, and hopefully will go smoothly with no loss of single-sign on. There is no hard date for this upgrade, but it will possibly occur within a month or so. Eric Houck added that he will ensure students and staff are adequately forewarned about the changes.
- 3) **Luminis 5 / mySiskiyous Demo:** Eric Houck demonstrated what the new Luminis system will look like and how it will operate. Due to its implementation date being moved up from April, some features may not be present in the initial release, but will be added as quickly as possible. The site is still being “tweaked”, and Eric welcomes suggestions and/or changes to the information going on the portal.

Next meeting: *Thursday, March 9th, 2017 (2pm-3pm)*
