"In order to satisfy the Area I: Diversity requirement at College of the Siskiyous, the following Student Learning Outcomes (SLO) need to be met through course objectives.

Upon successful completion of the course, the student should be able to:

- 1) Identify and explain diverse cultural customs, beliefs, values, traditions, or lifestyles, or to contrast the experience of a historically under-represented group with that of the dominant culture.*
- 2) Demonstrate an understanding of personal, social, or historical biases and prejudices.*

Courses identified on the following list have been evaluated, at minimum, by a faculty member teaching within this area. If you believe you have completed a course not on this list that would satisfy this requirement, contact Counseling Services for the procedure and petition to approve your course."
