EMT 297	14	EMT 55 & 57	24&10
HPE 295	3	HEA 10	2
EMT 169	3	No Comparable Course	
EMT 170	3	No Comparable Course	

Students will need to complete EMT 169 (3 quarter units) and EMT 170 (3 quarter units) at an Oregon Community College. Students are allowed to work in Oregon for a year under a provisional certification (good for 365 days from the time the received it) until they complete the two courses. Students may also receive credit for prior learning or experience in either of the courses. For example if a student has completed a Rescue 3 International Rope Rescue course and had been trained in auto extrication then EMT 169 credit would be awarded.

This articulation document has been reviewed and approved by Johnny Mack and Gregg Lander from Chemeketa Community College. 5/21/05
