17

Students completing the E-business certificate program will learn to set up and run an electronic business enterprise. Classes will focus on the design, development, marketing, and maintenance of a web-based business.

Students will demonstrate their proficiency through their performance in the computer lab, case studies, and objective examinations

Note: Students must receive a “C” grade or better in all major or certificate coursework.

Completion of math, writing and reading assessments are required for enrollment in any certificate or AA/AS degree program. Please contact Counseling Services for more information: (530) 938-5353.
