Total Units		28-29

Students will have the opportunity to receive certification in advanced positional welds, tungsten welds and wire welding processes upon completion of the 4th semester of welding leading to the Associate in Science degree. All welding opportunities are listed in the certificate section.

For an Associate Degree, students must also complete general education requirements. Please refer to the Associate Degree general education requirements in the Schedule of Classes for a list of acceptable courses. Make an appointment with a COS counselor or advisor for assistance in completing the general education requirements.

Note: Students must receive a “C” grade or better in all major or certificate coursework.

Completion of math, writing and reading assessments are required for enrollment in any certificate or AA/AS degree program. Please contact Counseling Services for more information: (530) 938-5353.
