ACTION ITEMS

Item 1: Call to Order and Attendance
President, Bruce Deutsch called the meeting to order at 5:30 p.m.

Regular Agenda:

Item 2. Servitas Update (Campus Housing)
Dr. Haugen provided an informational update on new student housing opportunity at the Weed Campus. The College has been working with a housing development company called Servitas. In November 2019, a feasibility study was conducted by Servitas to determine housing needs. All students were invited to participate. The survey results determined a need for additional student housing – up to at least 400 beds. Servitas has provided their report as well as conceptual drawings showing the placement of new student housing to be located on the Weed Campus. The cost of the project is $26 million and funding for the project would be absorbed through rental fees and third-party financing (for 30 years).

Item 3. Committee Reports
a) Investments & Finance:

i. Investment & Finance – Ms. Slabaugh reported the Foundation has received a check from the estate of the Mary Forster Charitable Remainder Trust in the amount of $105,325. The Executive Committee met and decided to invest the money at Sand Hill with the Mercy Endowment Fund. The funds are restricted for support of the Nursing program.

ii. Special / Emergency Funding Request – Dr. Schoonmaker reported on an issue with the LVN Nursing Program (first semester class). The students in the program VN’s have not been able to start their clinical portion of their class due to COVID-19 and will need to
finish in the fall. Since they will not be taking any units in the fall, they will be unable to receive any financial assistance or carry-over from the spring semester. Dr. Schoonmaker said the College may at some point in the near future come back to the Foundation with a formal request for assistance to help the students in the program as they come back in the fall to complete their program requirements. There are approximately 22 students who will need some type of financial support in the fall for whatever the CARES Act does not cover. An update on the status of the program and support estimated will be provided at a future meeting.

- The plan for the fall semester is to have face-to-face classes and be prepared for remote learning if needed.
- CTE programs - Fire, Law Enforcement Academy, and the Paramedic students and staff were tested for COVID-19 and all 109 tests came back negative. These classes have resumed face-to-face instruction.
- Most of the classes scheduled for the summer will be held online or remotely.
- All summer camps have been canceled except for Upward Bound which has been strategically organized to allow for physical distancing and appropriate guidelines set by CDC and Public Health.
- The District has established “Reopening Siskiyous” plan that will work though phases of reopening. Currently the College is in the ‘Red’ phase (closed to the public) and are moving closer to Orange (partially open) by allowing some of our CTE programs back on campus.
- Dr. Schoonmaker gave a shout out to Angel Keen for all her hard work in getting the Eagle’s Nest cleaned and organized during the closure. He congratulated her on the store’s success in July and August 2019 that really helped the revenue out during the closure these last few months.
- COS has been fully funded by the State for the Fine Arts project and the funding is still in the state budget.
- The 61st Virtual Commencement Ceremony will premiere on the College’s Facebook page on May 29 at 6:30 p.m.
- The California Community College Athletic Association (CCCAA) will be meeting May 20 to discuss the future of athletics. If the association decides to suspend fall or fall/spring sports, it would have a detrimental effect on the College.
