This document provides instructions for students to use the Company Nurse application to perform four tasks:

1. Sign-in to the application.
2. Perform the initial setup of your user account.
3. Submit weekly test results, if you have chosen weekly testing instead of vaccination.
4. Perform daily screening on days when you are coming to campus.

This application can be accessed from a personal computer or a mobile device through a web browser. Since the application is designed for mobile devices, this is the recommended access method.

I. Sign In

To sign-in to the application:

<table>

<tr>
<td>3.</td>
<td>Click ‘Let’s Get Started.’</td>
</tr>
</tbody>
</table>
4. Login in with your *@siskiyous.edu* username.

5. Provide your password.
## II-A. Initial Setup: Weekly Testing

The first time you sign-in you will need to setup your account. This includes confirming that you are a student and indicating whether you choose to be vaccinated or provide weekly test results. This section describes the steps needed to setup your account if you choose weekly testing. If you choose vaccination, follow the instructions under “II-B. Initial Setup: Vaccination” below.

1. Login to the Company Nurse application as described under I. above.

2. Provide information on the ‘Registration’ screen:
   a. Under “I am…”, select ‘Student’
   b. Click the box next to “By continuing, you agree to the Terms of Use and Privacy Policy”
   c. If you wish, click the box next to “Yes, please me daily screening reminders via SMS or email! I can always opt out later. Message and data rates may apply.”
   d. Click the “Finish Registration” button.

3. Click on “Action Required.”
4. Select “Vaccination” (even though you’re choosing to do weekly testing).

5. Click the “Report” button.

6. Select “Report Exemption (Unvaccinated).”
7. Indicate the reason you are choosing weekly testing. (If you do not wish to state, select “Other.”) Then click “Submit.”

8. Click “Yes, I confirm.”

9. Click “Return to Homepage.”
10. To confirm, click “Action Required.”

11. Under “Vaccination,” you should see the word “Exemptioned.”

Now that you have chosen weekly testing, you will need to submit test results each week as described under ‘III. Submit Weekly Test Results.’ At any point, if you should decide to get vaccinated, you can submit those results as described under ‘II-B. Initial Setup: Vaccination’ below and would no longer need to perform weekly testing.
II-B. Initial Setup: Vaccination

The first time you sign-in you will need to setup your account. This includes confirming that you are a student and indicating whether you to choose to be vaccinated or provide weekly test results. This section describes the steps needed to setup your account if you choose vaccination. To complete this process, you’ll need to have a picture of your vaccination card or be able to take a picture of it during the process.

1. Login to the Company Nurse application as described under I. above.

2. Provide information on the ‘Registration’ screen:
   a. Under “I am…”, select ‘Student.’
   b. Click the box next to “By continuing, you agree to the Terms of Use and Privacy Policy.”
   c. If you wish, click the box next to “Yes, please me daily screening reminders via SMS or email! I can always opt out later. Message and data rates may apply.”
   d. Click the “Finish Registration” button.

3. Click on “Action Required.”
4. Select “Vaccination.”

5. Click the “Report” button.

7. Select the “Vaccine Manufacturer and click “OK.”

8. Enter the date of the First Dose. If the vaccine you received requires a second dose, enter date of the second dose. (‘Lot Number’ and ‘Vaccine Location’ are not required.)

9. To provide a copy of your vaccination card, select “Tap to upload.”
10. Upload a copy of your vaccination card.
   a. If you already have a picture of your vaccination card, select ‘Photo Library’ and then select the photo.
   b. If you don’t already have a picture, select ‘Take Photo’ and then take a picture of the card.
   Then click ‘Submit’

   Note: This photo will be reviewed by the College’s COVID Response Team to verify the vaccination information provided.

11. Click “Yes, I confirm.”

12. Click “Return to Homepage.”
13. To confirm, click “Action Required.”

14. Under “Vaccination,” you should see the word “Vaccinated.”
III. Submit Weekly Test Results
Those who have chosen not to be vaccinated must submit the results of a COVID test each week. If you are tested on campus, the results should be uploaded for you. If, however, you are tested off campus, you will need to submit the results using the following procedures:

1. Login to the Company Nurse application as described under I. above.

3. Click “Report.”
4. Enter the following information:
   a. ‘Test Result’ (Negative or Positive).
   b. Enter the date of the test.
   c. Enter the test location.

Then click on ‘Tap to upload.’

5. Upload a copy of your vaccination card.
   a. If you already have a picture of your vaccination card, select ‘Photo Library’ and then select the photo.
   b. If you don’t already have a picture, select ‘Take Photo’ and then a take a picture of the card.

Then click ‘Submit.’

Note: This photo will be reviewed by the College’s COVID Response Team to verify the vaccination information provided.

6. Click “Return to Homepage.”
7. To confirm, click “Action Required.”

8. Under “Testing,” it should say “Next test due by <a date in the following week>.”
IV. Daily Screening
Each day you are coming to campus, you must perform a self-screening for COVID using the following steps:

1. Login to the Company Nurse application as described under I. above.

2. Under ‘Action Required,’ select “Screening.”

3. If you are not currently experiencing a medical emergency, select ‘I do not have any of these’ and click “Next.”
4. Before presenting a list of COVID-related symptoms, the application will caution you not to report symptoms that you know are not related to COVID, such as those associated with allergies. If you do not want to see this caution every day, click the ‘Don’t show this message again for the next 10 days.’ Then click “Got It.”

5. Click the box next to any symptom you are experiencing. If you are not experiencing any of the symptoms, click the box next to ‘I do not have any of these’ and then click “Next.”

6. Indicate whether you have contact with individuals confirmed to have COVID and then click “Next.”

8. The Homescreen will indicate that you’re clear to come to campus. You’ll need to show this screen when checking in on campus.
