MATHEMATICS FOR THE TOTALLY CONFUSED

COS / Weed - Have you ever felt your mind could not digest mathematics? Do you feel anxious when studying mathematics? Have you ever wondered if math were taught in a different way that you could master it? Then Mathematics for the Totally Confused (Math 90) may be just the right class for you. This course presents the basics of mathematics in new ways and fosters confidence in the power of your mind to master it. Math 90 will help prepare students who have math anxiety, alternate learning styles, or students who have been out of school for college level mathematics courses.

This class will begin on July 6 and will meet Monday and Wednesday afternoons in the Weed Campus Emergency Technology Services Center (ESTC) Room 8-107 from 3 to 5 p.m. until August 12. Students who enroll for the course will earn 1.5 units of credit and all homework materials will be provided.

For more information contact instructor Deborah Randolph at (530) 261-1565 or send an email to randolph@siskiyous.edu. The Weed Campus may also be reached by calling (530) 938-5555 or toll-free (888) 397-4339.
