Hello Siskiyous from the Yreka Courthouse (jury duty)!

This week's updates:

- **Eclipse Watch Party! Today in the Library starting at 10:55a:** A total solar eclipse will be visible in some parts of the U.S. on April 8. Even if you're not in the path of the eclipse, you can still join in the fun with the U.S. National Science Foundation. In honor of this monumental event, College of the Siskiyous Library is going to host a watch party of the NSF Live Stream of the eclipse on Monday 4/8. The live stream starts at 10:55 a.m. PST and "totality" will be at 11:40 a.m. The watch party will be in the Library Study Room. Cookies, coffee, and tea will be provided.
- **Enrollment Update:** Can be accessed [here](#).
- **Maintenance & Facilities Updates:** One large tree between the soccer field and football field will be removed this week along with two stumps impeding the path of the new soccer field access walkway. The Science building elevator is back in operation. We are still working on the return fan VFD replacement for the ESTC air handler. Cal Fire and the Fire Academy are completing groundwork and small tree removal within the soccer fence line and west side of campus. Maintenance staff will be turning on irrigation water to both campuses in the next two weeks.
- **Caffeinate and Connect:** Enjoy a cup of free coffee and connect with colleagues! Coffee is available each morning at 6:30a. While supplies last. See flyer for details.
