FOR IMMEDIATE RELEASE

Release #: 018
Date: May 19, 2017

Weed Campus Academic Success Center (ASC) to Receive Fresh New Look

Weed /COS – The Academic Success Center (ASC), located in the Learning Resources Center (Building 2) on the Weed Campus, will be closed June 5 – 23, for the early stages of a facility remodel. This remodel will include new carpeting and furniture which will create an entirely new bold look and feel. The ASC provides a place for students to receive academic support, to study or complete homework, and use the computer lab contained in the ASC.

By the fall 2017 semester, students will be able to check out new laptops and calculators for use in the ASC. A new series of academic success and life skills workshops will also be offered at the ASC this fall. A new log-in system will be in place for students to check in. The check-in kiosks collect information on services students require and provide data to support funding of future services and programs at the ASC. Other cool new furniture will include study pods with electrical outlets, a counter-height power bar, and a “chill space” to relax and study.

COS is interested in receiving student input about the ASC in general, what services you use and which services you would like to see offered. To have your voice heard, please respond to our survey located online at: <https://www.surveymonkey.com/r/KV8XYH8>

Tours of the “new and improved” ASC will be available once the fall semester has begun. Keep an eye out for your invitation and join us at the welcome BBQ in the Learning Resources Center courtyard. Funds for the ASC remodel have been provided by the Basics Skills Student Outcomes & Transformation grant from the California Community College Chancellor’s Office.

For more information about the COS Academic Success Center, contact Lorinda Meyer, Program Grant Manager Basic Skills & Student Outcomes Transformation and Academic Success Center Coordinator by calling (530) 938-5830 or send an email to lmeyer3@siskiyous.edu. The Weed Campus may also be reached by calling toll-free (888) 397-4339.
