Spring Semester Physical Geography Class to Begin in January

Weed / COS – Registration for **Physical Geography (GEOG 1110-01 / #3144)** is open! Dr. Cassandra Hansen will teach this 3 unit, transferable course beginning January 30 at the COS Weed Campus. Physical Geography will meet on Tuesday and Thursday mornings from 10:35 a.m. to 12 p.m. in the Science Building, room 7-122.

Physical Geography introduces the techniques used to locate features on Earth's surface and then draws on these techniques to explore how the planet's atmosphere, hydrosphere and lithosphere interact with one another, with solar and geothermal energy, and with human influences to shape the distributions of climates, landforms, soils and life across the globe.

Students who wish to enroll in this class should meet the prerequisite of completing ENGL 1001 and either MATH 0850 or qualification through assessment or MATH 0851 or qualification through assessment.

For more information about this class, Instructor Hansen by email: chansen1@siskiyous.edu. Register in person at the Weed or Yreka campus or register online (anytime) at www.siskiyous.edu. Spring semester classes begin January 30, 2018.
