

COS Extension, the umbrella for COS Community and Continuing Education, serves lifelong learners.

Pre-Registration is needed for all classes to allow for tight budgeting and affordable course fees. For your convenience, a Community Education Registration Form is printed on the last page of this section.

Your options for registering are as follows:

- By mail: Send the completed Registration Form with check made payable to COS and mail at least 10 days before the start of the class. Send to COS, 800 College Ave., Weed, CA 96094
- By fax: Send the completed Registration Form, noting credit card number with expiration date and signature on the form to 530-938-5763.
- In person: Bring your completed Registration Form to the Weed Campus, Admissions & Registration in the John Mantle Building, or the Yreka Campus, RHSI building.
- Online: Visit www.siskiyous.edu and click on the Navigator icon on the right side. You will need a student number. Call the Hotline for assistance 530-938-5900.

Avoid the frustration of a canceled class and sign up early!

Classes need at least 15 students registered the WEEK PRIOR TO THE START OF CLASS or they may be canceled BEFORE the first meeting. This allows adequate time to contact all students should COS need to cancel the class because of low enrollment and notify the facility of the class cancellation. You will receive a refund in the mail for canceled classes. Refunds are processed twice a month.

SUMMER EXTENSION COURSES

ARTS & CRAFTS

XAC 0323 0 units

Quilting II

A quilting course that covers both traditional and contemporary piecing and quilting techniques and builds on skills learned in XAC 0322. All levels are welcome. (NDA)

Meeting Dates: 09/24/12 - 12/12/12 **4**

NATURAL HISTORY

XNH 0300 **0 units**
Mount Shasta Field Geology

An introduction to the geology of Mount Shasta presented during two evening programs and a one-day field trip. The evening sessions will review the mountain's geologic setting, its eruptive history, the characters of its eruptive products, and its potential hazards. The field trip will afford students opportunities to explore volcanic and glacial features on the flanks of a peak that geologists estimate has a one in three to four chance of erupting during their lifetimes. (NDA)

7426 F 06:30P-09:20P Hirt, W LIFSCI
16
S 07:30A-05:20P FLDTRP
Meeting Dates: 09/07/12 - 09/08/12 **4**
Additional Fee \$49.00

XNH 0310 **0 units**

Medicine Lake Volcano Field Geology
 An introduction to the geology of the Medicine Lake Volcano presented during two evening programs and a one-day field trip. The evening sessions will review the mountain's geologic setting, its eruptive history, the character of its eruptive products, and its potential hazards. The field trip will afford students opportunities to explore a wide variety of volcanic features - from spatter cones to obsidian domes - on one of the largest volcanoes in the Cascades. (NDA)

7427 F 06:30P-09:20P Hirt, W LIFSCI
16
S 07:30A-05:20P FLDTRP
Meeting Dates: 09/21/12 - 09/22/12 **4**
Additional Fee \$49.00

XNH 0340 **0 units**

Eastern Klamath Field Geology
 An introduction to the geology of the eastern Klamath Mountains presented during two evening programs and a one-day field trip. The evening sessions will review the geologic setting of the Klamath Mountains, the history of terrane accretion that assembled the range, and the origins of the diverse suite of igneous and metamorphic rocks that host its mineral wealth. The field trip will give students opportunities to explore sites that showcase both the major processes that shaped this ancient convergent margin as well as its rich mining history.
 (NDA)

7428 F 06:30P-09:20P Hirt, W LIFSCI
16
S 07:30A-05:20P FLDTRP
Meeting Dates: 10/05/12 - 10/06/12 **4**
Additional Fee \$49.00
