COS Speakers Series presents

DUCK OVEN COOKING

by Lori Luddon

Thursday, 4-Oct-2012 from 5:30-7:30 PM on the lawn between the Science Building and Gym on the Weed campus

This presentation will introduce the art of outdoor cooking using cast-iron cookware and charcoal. Here is your chance to see how easy it is to use this simple and historically significant technique to prepare delicious meals. Lori will demonstrate the cooking process from start to finish and also describe how to select and care for a Dutch oven and the cookware that goes with it. Food prepared during the demonstration will be available for sampling.

“Dutch Oven Cooking” is the first COS Speakers Series’ event of the 2012-2013 academic year. Future talks will explore topics ranging from the mathematics of elections to the art of taxidermy. They will generally be held in Life Science Room 3 at 7:30 PM on the third Thursday of each month except December and January. Please see the Speakers Series website (www.siskiyous.edu/speakersseries/) for more information.

Lori Luddon is a Siskiyou County native who enjoys experimenting with recipes and has been intrigued with dutch oven cooking for about eight years. She has competed in local outdoor cooking contests during the past two years and hopes “...to remove the mystery from [dutch oven cooking] and encourage people to give it a try.”
