- Alan apologized for being unable to attend COS's graduation but his granddaughter took precedence over this event.

4. STAFF REPORTS

4.1 Board Member Reports (Con't)

4.2. Report of Administration, Student Trustee and Representatives at the Board Table

In addition to the written report provided, the following reports were received:

➤ **Superintendent/President:**

- Scotty Thomason, Superintendent/President, stated that our Accrediting Commission for Community and Junior College (ACCJC) has been under fire for the last few years. The California Community Colleges are looking toward the future and would like an accrediting commission to be able to accredit bachelor degrees which the ACCJC does not.
- Shortly after San Francisco City College's (SFCC) accreditation was terminated in 2013, there was a lawsuit filed by several unions against the ACCJC. That lawsuit focused on SFCC's accreditation status. While this lawsuit was pending, SFCC's accreditation was fully restored in January, 2017. Despite the successful accreditation recovery, the union plaintiffs have nevertheless refused to withdraw their lawsuit. The union plaintiffs recently amended their lawsuit to challenge the Commission's enforcement of its standard and policies in general. The union plaintiffs allege that the

4.2. Report of Administration, Student Trustee and Representatives at the Board Table (Cont'd)

Accreditation Commission's activities violated various laws including the United States Constitution and California's collective bargaining law. The plaintiffs have recently filed discovery asking for all types of information from the ACCJC so that they can look at all aspects on how it operates. The information being requested also includes confidential information which pertains to each of the California Community Colleges that have been involved with the ACCJC over the years. The Judge in the matter has ordered that the community colleges be notified that they have the opportunity to object to the production of or seek protective order regarding the institution's confidential information. It is noted that objections or motion for a protective order must be made within 21 days of receiving this order. Scotty noted that the College of the Siskiyous will be reflecting on how they would like to proceed.

- Scotty shared with everyone that this was his last Board meeting. He thanked the Board for the opportunity to serve as their President for the last three years as well as the faculty, staff, and students. Scotty commented that it has been an amazing three years. He believes that a great many things have been accomplished over the last three years to restore the integrity and the stability of the College and he is very proud of where we are today.

➤ **Administrative Services:**

- Nancy Funk, Vice President – Administrative Services, reported that there has been an Ellucian Team on campus this week looking at the finance module and that it has been very enlightening for both sides.
- Nancy will be leaving tomorrow morning for Mendocino for the annual retreat for the Northern California Community College's Self Insurance Authority (NCCCSIA) which is our risk management JPA that handles our workman's comp and property liability insurance.
- The State budget is currently in the Joint Committee. She thinks that by the end of next week, this committee will be proposing the budget to the Governor. This will allow the Governor two weeks to review the budget and make any changes he deems necessary. She believes that we will have an actual State budget by the end of the month.
- In tonight's Board packet is a contract for the parking lot revitalization. Pending the Board's approval, Nancy is hoping that this project will begin within the next couple of weeks. As this project proceeds, information on available parking on campus will be distributed.
- The funds from the Lease/Purchase agreement which the Board approved in May were finalized and deposited in the College's account today.

➤ **Instruction:**

- Dr. Todd Scott, Vice President – Instruction, wanted to acknowledge that there was a Siskiyou Promise Weed High School senior who died in a car accident last month. Dr. Todd conveyed that our thoughts go out to the family of the deceased.

- Christina Van Alfen is working on the dual enrollment program with the local school districts. We are finalizing the MOU with each of their Boards. Once the MOU's have been received, we will be working on finalizing the courses.

4.2. Report of Administration, Student Trustee and Representatives at the Board Table (Cont'd)

- As part of the Basic Skills Transformation Grant, our English and Math faculty along with the English and Math faculty from our feeder high schools are being invited to meet at the Belcampo Farms on September 7 to align the curriculums.
- Representatives from the Police Officers Standard Training (POST) will be visiting the campus in July for the final step of the approval for our Police Academy. If all things go well, we are expecting to receive the approval letter in August and offer our Police Academy sometime in the spring.

➤ **Student Services:**

- Melissa Green, Vice President – Student Services, reported that last fall the College began a program entitled “Reg365” where we were registering students for the summer, fall, and spring semesters. We are transitioning again with the compressed calendar and are registering students for the summer, fall, winter, and spring.
- The COS graduating class of 2017 was one of the largest in recent history.
- Thus far, we have received 749 first-time fall enrollment applications which is about half of what we received last year.
- Melissa reported that 63 full-time students made the Dean’s list by achieving a grade point average of 3.50 or better and 143 full-time students made it on the President’s list by achieving a grade point average of 3.75 or greater.
- We have received 129 Siskiyou Promise applications as of today which is higher than we were at this time last year. Students who received the Siskiyou Promise in 2016-2017 will also be eligible to receive the Siskiyou Promise for 2017-2018.
- So far, 85 applications for the Lodges have been received. This is 20 more than we received at this time last year.
- Since the risers seemed to be a bit narrow for Graduation, Melissa will look into purchasing wider risers for next year.

➤ **Human Resources:**

- Theresa Richmond, Associate Vice President – Human Resources, mentioned that this week the College is starting the summer schedule of four ten-hour days, Monday through Thursday, and closed on Fridays.
- Dr. Schoonmaker was on campus last week and met with all of his direct reports. He was also able to stop by during the Classified Staff Day luncheon and say hello.
- Theresa commented that everyone had a great time at the Classified Staff Day. She noted that the Staff Development Committee purchased enough items (plants, gift certificates, etc.) to be given away to each classified staff member.
- This Friday, two Human Resources employees along with two Student Services employees will be attending a presentation in Redding given by the Department of Justice regarding sexual assault on college campuses.

➤ **Public Relations/Foundation:**

- Dawnie Slabaugh, Director of Public Relations & College Foundation previewed the new look for the College’s website on the wall monitor. She noted that navigation of the website has changed. Also, the website update will be done in two phases. Phase One will showcase a new home page that is mobile responsive. This means that when the College’s web page is accessed, the webpage will detect the device type of the user and automatically adjusts the layout based on the screen size so that it’s more easily readable. Phase Two will consist of redeveloping the remaining pages to also be mobile responsive. This second phase will take a few months to complete and

4.2. Report of Administration, Student Trustee and Representatives at the Board Table (Cont'd)

should be completed by the start of the fall semester. Anne-Marie Kuhlemann and Michael Reetz have done a tremendous job updating our webpages.

- Dawnie also presented on the wall monitor the summer COS commercial which has been running on KDRV (ABC – Channel 12), KTVL (CBS – Channel 10), and CW (Channel 11). She informed everyone that as of yesterday, we are now airing a different commercial advertising fall and winter intersession registration opportunities.
- We are currently advertising on six screens at the Mt. Shasta Cinema with a 15-second commercial which will run June 1 through August 31.
- COS is also advertising digitally. When a word such as “education,” “school,” “classes,” etc. is entered by an individual who is located in the Bay Area up through Oregon, College of the Siskiyous’ pop-up ad will appear.
- Next month, there will be two new Foundation Board Members, Linda Romaine – City Clerk for Fort Jones, and David Clarno – Owner of Dunsmuir Brewery.

➤ **Administrative Support/Management (ASM):**

- Eric Houck, President – ASM, reported that this will be his last Board meeting as ASM has held its elections for new officers. The new ASM President, Chris Wehman or Lorinda Meyer, will be announced later this week. Elaine Eldridge ran unopposed as Vice President as did Tina Schoffstoll for Secretary, and Kelly Groppi for Treasurer.

➤ **Student Trustee:**

- Calvin Wagner, Student Trustee, was happy to announce that he is running for the position of student trustee for the California Community College Trustee (CCCT) board. 8.1 Acceptance of the Rural Community College Agricultural Cooperative Initiative

Board Report No. **5017** – Attached

The Board received information about a grant acquired from the Rural Community College Alliance (RCCA) and the American Association of Community Colleges (AACC) and considered approval of expenditures. In April 2017, COS submitted an application for the Rural Community College Agricultural Cooperative Initiative. Its purpose is to support a small group of rural community colleges to better coordinate and collaborate with local and State level agricultural cooperatives. The Board received notification of funding in May 2017. Its application was one of only ten nationwide to be approved. COS will receive \$7,000 for the initiative which will be used for travel, research, promotional materials, and marketing. In addition, the College will receive free technical assistance from RCCA and AACC on identifying, implementing, and leveraging collaborative opportunities with local and State level agricultural cooperatives. Mark Klever will be the Project Manager.

A motion was made and seconded (Dyar/Ohlund) to approve Board Report No. 5017. The motion carried with the following vote: 7 ayes, 0 noes, 0 absent.

8. DISCUSSION AND ACTION ITEMS (Cont'd)

8.2 Budget Transfers Exceeding the Adopted Budget

Board Report No. **5023** – Attached

The Board was asked to approve an increase to one budget category where that category will exceed the adopted budget. The Chancellor's Office requires that the Board should be notified anytime a category of the expenditures exceeds the final adopted budget to keep them informed on the decision. The District chose to set aside \$500,000 for future unplanned expenditures in 2015-2016. The District would like to transfer the remaining \$300,000 into Fund 41 - capital outlay. This will allow for additional capital projects to be completed as needed with the expected reduction in scheduled maintenance in the coming budget year. The District is expecting to end the year in a net income position due to budget savings. The savings are primarily in the area of service fees with the reduction of instructional service agreements. As a result, the budget implications are net zero. It was recommended that the Board approve an increase in the 7000 expenditure category in order to complete the transfer of \$300,000 to Fund 41 from the net income.

A motion was made and seconded (Ohlund/Koon) to approve Board Report No. 5023. The motion carried with the following vote: 7 ayes, 0 noes, 0 absent.

8.3 Institutional Effectiveness

Board Report No. **5024** – Attached

The Board was asked to approve goals required by the Institutional Effectiveness Partnership Initiative (IEPI). In an attempt to increase successful outcomes, the State of California mandated a goal framework for future academic years in the 2014-2015 Higher Education Trailer Bill. Goals are grouped into four categories: student outcomes, fiscal viability, accreditation status, and state and federal programmatic compliance. Six goals are required to be adopted this year. In addition to these six mandatory goals, in 2017-2018 the College will select two more goals from more than 20 other options. One of these two optional goals must be in the area of basic skills/remedial education. Four of the goals will be the same for every college: accreditation status of reaffirmed and an unqualified or unmodified audit opinion on the College's financial statement, State compliance (320 report), and federal compliance (financial aid) audit findings. COS has selected two categories from the Student Success Scorecard: Transfer-level English Year 2 and Transfer-level Math Year 2. There is currently no immediate budget impact. Bart Scott distributed a handout containing the required goals along with potential indicators.

A motion was made and seconded (Cupp/Koon) to approve Board Report No. 5024. The motion carried with the following vote: 7 ayes, 0 noes, 0 absent.

8.4 2017-18 Tentative Budget

Board Report No. **5026** – Attached

The Board was asked to review and approve the 2017-2018 Tentative Budget. The State requires that the District provide the Tentative Budget by June 30 for the following fiscal year. Nancy Funk gave an overview of the proposed State budget for 2017-2018 with anticipated increases in revenue and expenditures. We are projecting that the College will be at a 17 percent ending fund balance. Nancy stated that with this being the Tentative Budget, the Final Budget will be brought to the Board of Trustees for adoption at the September 12, 2017, Board meeting.

A motion was made and seconded (Dyar/Heilman) to approve Board Report No. 5026. The motion carried with the following vote: 7 ayes, 0 noes, 0 absent.

8. DISCUSSION AND ACTION ITEMS (Cont'd)

8.5 Acceptance of Board 2016-2017 Self Evaluation and 2017-2018 Goals

Board Report No. **5027** – Attached

The Board was asked to accept its self-evaluation for 2016-2017 and goals for 2017-2018. The evaluation committee recommended an evaluation instrument to support this annual practice and delivered an online survey using Survey Monkey which was then sent to all Board Trustees and representatives who sit at the Board table. The results were reviewed and discussed by the Board at their May 2 Board Retreat. From the results of the survey, the Board discussed a variety of approaches to establishing goals for 2017-2018.

The goals are as follows:

The Board will:

1. Govern by policy, following the established governance agreement.
2. Assure the continued fiscal health of the College to include a balanced budget and a reserve of at least 12 percent and strive to obtain 15 percent.
3. Assure timely completion of follow-up Accreditation Report by October 1, 2017; prepare for follow-up Accreditation Visit; and continue to take corrective actions that will demonstrate the College meets standards in the areas where recommendations were received.
4. Promote positive public relations on campus and in the community.
5. Cultivate an environment of equity and inclusion for all student populations, staff, and faculty.
6. Actively pursue appropriate professional development activities.
7. Support exploration and implementation of strategies to improve recruitment, retention, and enrollment to increase FTES.
8. Support efficiencies that lead to degree completion and enhance transfer rates including degree and curriculum alignment with the Associate Degree Transfer (ADT).
9. Support continued growth, pursuit of Career and Technical Education grant funding to foster enhanced and new course and program offerings to meet the workforce training needs of District residents.
10. Improve institutional efforts for basic skills preparation and college readiness of the District's students.
11. Review of the Institutional Master Plan and the Facilities Master Plan.

A motion was made and seconded (Ohlund/Cupp) to approve Board Report No. 5027. The motion carried with the following vote: 7 ayes, 0 noes, 0 absent.

The District has established a regular cycle to review Board Policies and Administrative Procedures. The Board Policies were reviewed and/or revised to reflect current COS practices, as well as to comply with changes as recommended by the Community College League of California (CCLC) Policy and Procedure Service. The first reading of these Board Policies was presented at the May 2, 2017.

A motion was made and seconded (Dyar/Koon) to approve Board Report No. 5028. The motion carried with the following vote: 7 ayes, 0 noes, 0 absent.

8. DISCUSSION AND ACTION ITEMS (Cont'd)

8.7 Approval of the Facility Master Plan

Board Report No. **5030** – Attached

The Board was asked to consider approval of the Facility Master Plan. The Facility Master Plan assesses current conditions of the campuses, identifies present needs, and anticipates future interests, and physical planning issues for the District. It is intended to guide development in achieving the academic and program goals of the campuses based on our Institutional Master Plan. The Facility Master Plan is the culmination of effort by numerous individuals and campus groups over multiple years. The Facility Master Plan will drive planning for future projects, budget development, and short and long-term projects supporting the mission of the College. The Plan will also drive requests to the State for Scheduled Maintenance submittals, future building requests, and management of space inventory.

A motion was made and seconded (Cupp/Ohlund) to approve Board Report No. 5030. The motion carried with the following vote: 7 ayes, 0 noes, 0 absent.

8.8 Weed Paving Rehabilitation Contract

Board Report No. **5032** – Attached

The Board will consider a proposal for a parking lot pavement rehabilitation project for the District. Following the California Uniform Public Construction Cost Accounting Act Protocols, the District is required to formally bid construction projects over \$175,000. The District advertised for two weeks in the local paper, sent Invitations to Bid to all preapproved DIR contractors and sent advertisements to the Shasta, Klamath Falls, and Medford Builder's Exchanges. Four proposals were received and reviewed. The project is within the projected budget financed through the lease revenue bond that has been approved by the Board. It is recommended that the Board approve the District to enter into a contract with S&N Groups to perform paving rehabilitation during summer, 2017.

A motion was made and seconded (Ohlund/Cupp) to approve Board Report No. 5032. The motion carried with the following vote: 7 ayes, 0 noes, 0 absent.

8.9 2017-2018 Associated Student Board 2017-2018 Proposed Budget

Board Report No. **5031** – Attached

The proposed 2017-2018 Associated Student Board (ASB) budget was presented to the Board for review and approval. The ASB budget was prepared, using past expenditures and revenues, to create a realistic projection for the 2017-2018 year. ASB will be using the revenue they earn from their various activities to fund their expenditures, thus there should be no impact on the College budget.

A motion was made and seconded (Cupp/Hardy) to approve Board Report No. 5031. The motion carried with the following vote: 7 ayes, 0 noes, 0 absent.

8. DISCUSSION AND ACTION ITEMS (Cont'd)

8.10 Building 2, 16, & 17 Boiler Replacement Contract

Board Report No. **5033** – Attached

The Board was asked to consider a proposal for the removal and replacement of the boilers in buildings 2 (LRC), 16 (Ponderosa Lodge) and 17 (Juniper Lodge). Funds were approved from Proposition 39 Year 3 and Year 4 to replace these boilers as an energy improvement measure. The existing boilers are vintage and inefficient. The new boilers provide improvements in controls, safety, and efficiencies. Following the California Uniform Public Construction Cost Accounting Protocols, for projects between \$45,000.01 and \$175,000, the District sent Invitations to Bid to all eight preapproved DIR contracts. One proposal was received and reviewed. The majority of the project is funded through Proposition 39 funds. Approximately \$44,000 in funds will be used from the reserves. It is recommended that the Board approve the District to enter into a contract with CR Combustion for installation of the new boilers.

A motion was made and seconded (Dyar/Koon) to approve Board Report No. 5033. The motion carried with the following vote: 7 ayes, 0 noes, 0 absent.

8.11 Approval of the District's Equal Employment Opportunity (EEO) Plan

Board Report No. **5034** – Attached

The Board of Trustees was asked to approve the Equal Employment Opportunity (EEO) Plan. The EEO Plan describes the District's efforts to promote diversity in hiring and promotion. The California Board of Governors has established regulations within Title 5 of the California Code of Regulations to address discrimination, complaints, and equal employment opportunity in the community college system. The requirement is for each Community College to have an EEO Plan. An EEO fund was established and allocated to Community Colleges. Historically based on FTES, the new allocation amount is based on the "Multiple Methods" for measuring success in FY 2016-2017. With the presentation of the District's EEO Plan and the Multiple Methods document, the District should be in good standing with the State Chancellor's Office to receive funding for our diversity efforts. There are no budget implications.

8.12 Debt Issuance and Management Policy

Board Report No. **5035** – Attached

The Board was asked to commit to adopting a debt issuance and management policy in the near future. The District is now required to have a debt issuance and management policy in connection with the issuance of the Lease Revenue Bonds. A draft policy will be taken to College Council for the beginning of the process at their next meeting which will not occur until September, 2017. It is expected that the first reading of the policy will come to the Board for the October Board meeting. This is a new legal requirement to be in compliance with Government Code Section 8855 which was recently amended by Senate Bill 1029. It is recommended that the Board approve Resolution 2016-2017-12 of the Board of Trustees committing to the development and approval of a Debt Issuance and Management Policy.

8.13 Approval of an Individual Interested in Serving on the Citizens’ Bond Oversight Committee
Board Report No. **5036** – Attached

The Board was asked to consider approval of an individual to serve on the Citizen’s Bond Oversight Committee due to vacancies. In keeping in compliance with the bylaws and the relocation of a few Committee members and consequently resignations, we are now in the process of replacing three vacancies on the Citizen’s Bond Oversight Committee. After almost two months of advertising, only one application was received. The Board approved Wesley Turnquist to serve as the student representative on the Citizens’ Bond Oversight Committee. There are no budget implications directly tied to this action.
