It is the policy of the Siskiyou Joint Community College District to admit students who meet one of the following requirements and who are capable of profiting from the instruction offered:

1. Any person over the age of 18 and possessing a high school diploma or its equivalent.
2. Other persons who are over the age of 18 years and who, in the judgment of the Superintendent/President or his or her designee are capable of profiting from the instruction offered. Such persons shall be admitted as provisional students, and thereafter shall be required to comply with the District's rules and regulations regarding scholastic achievement and other standards to be met by provisional or probationary students as a condition to being readmitted in any succeeding semester.
3. Persons who are apprentices as defined in Section 3077 of the Labor Code.

The District may deny or place conditions on a student's enrollment upon a finding by the Board or designee that the applicant has been expelled within the preceding five years or is undergoing expulsion procedures in another California community college district, and that the applicant continues to present a danger to the physical safety of the students and employees of the District.

The District shall in its discretion, or as otherwise federally mandated, evaluate the validity of a student's high school completion. The Superintendent/President shall establish procedures for evaluating the validity of a student's high school completion.
