Last Reviewed	April 13, 2022
Origin	Vice President, Administrative Services
Office	Facilities and Maintenance

The College of the Siskiyou's buildings, grounds and vehicles are designated "clean air" facilities and constitute an environment in which students and employees are protected from potential hazards that may be attributed to, or exacerbated by, the use of tobacco products.

Tobacco products, include cigarettes, cigars, little cigars, chewing tobacco, pipe tobacco, snuff and an electronic device that delivers nicotine or other vaporized liquids inhaling from that device.

Smoking and use of all tobacco products is prohibited at all times on all District-controlled property, except in designated areas. All forms of smoking or use of electronic devices/vaporizer involving a tobacco or liquids is prohibited inside any indoor area of the District.

"Designated areas" are limited to locations clearly marked by the District and the interior of a personal vehicle in which the doors and windows are closed.

The use of electronic cigarettes or similar devices shall only be outdoors. All users of these devices must be more than 20 feet of a main exit, entrance, or operable doors, windows, air intakes and stadium/event seating areas.

Smoking and tobacco products will not be sold or distributed on District property.

This procedure shall not limit programs from enforcing more restrictive smoking and tobacco use measures. Program literature shall clearly describe additional restrictions.
