Collection and Retention of Student Information
The District shall treat all students equitably in the receipt of all school services, including, but not limited to, the gathering of student and family information for the institution’s benefit programs.

The Admissions and Records Department shall maintain in writing District policies and procedures for gathering and handling sensitive student information, and appropriate personnel shall receive training regarding those policies and procedures.

The District will provide students and families with annual notice, at the beginning of each school year, of institutional policies for student privacy and the abilities of parents or eligible students to inspect student information.

The District will provide students an opportunity to opt out of disclosure of directory information. Notices must describe the following:
- The kind of information that the school has identified as directory information;
- The eligible student’s ability to refuse to let the school designate the information as directory information, which could be disclosed to outside entities;
- The period of time in which the eligible student has to notify the school in writing that he/she/they does not want the information designated as directory information; and
• That opting out by the noted deadline is the students’ only way to prevent the release of directory information.

Any sensitive information, such as a student’s, parent’s, or guardian’s SSN, any AB 540 determinations, or citizenship status information collected by the District or disclosed by the student, should be maintained only for as long as necessary.

If the District possesses information that could indicate immigration status or citizenship status, the District shall not consider the acquired information in admissions decisions or access to educational courses or degree programs.

Students may elect not to provide immigration or citizenship status information to the institution, and this election shall not impede admissions or enrollment in educational programs.

The District shall not create a list of student names linked with immigration status.

District police or security departments shall not inquire into an individual’s immigration status for immigration enforcement purposes.

District police or security departments shall not aid any effort to create a registry containing individuals’ country of birth or based on any other protected characteristics of victims, witnesses, or suspects of crimes unless required by law for specified purposes.

A cumulative record of enrollment, scholarship, and educational progress shall be kept for each student.

Release of Student Records

No instructor, official, employee, or governing board member shall authorize access to student records to any person except under the following circumstances:

• The College Registrar has been designated “Records Officer” as required by law.
• Student records shall be released pursuant to a student's written consent. Transcript request forms are available on the College website.
• A log of all requests for student information will be maintained in the Enrollment Services Office.
• “Directory information” may be released in accordance with the definitions in Board Policy 5040.
• Student records shall be released pursuant to a judicial order or a lawfully issued subpoena signed only by a judge. If the subpoena does not accompany a written release of information by the student, they will be notified in writing by certified mail of the request for records. A period of 10 days must elapse before records may be released in order to allow the student to seek legal representation to quash the motion if so desired.
• Student records shall be released pursuant to a federal judicial order that has been issued regarding an investigation or prosecution of an offense concerning an investigation or prosecution of terrorism.
• Student records may be released to officials and employees of the District only when they have a legitimate educational interest to inspect the record. A log of such requests shall be maintained for all students.

Student records may be released to authorized representatives of the Comptroller General of the United States, the Secretary of Education, an administrative head of an education agency, state education officials, or their respective designees or the United States Office of Civil Rights, where that information is necessary to audit or evaluate a state or federally supported educational program or pursuant to federal or state law. Exceptions are that when the collection of personally identifiable information is specifically authorized by federal law, any data collected by those officials shall be protected in a manner that will not permit the personal identification of students or their parents by other than those officials, and any personally identifiable data shall be destroyed when no longer needed for that audit, evaluation, and enforcement of federal legal requirements. The College Registrar is responsible for the security and privacy of such records.
Student records may be released to officials of other public or private schools or school systems, including local, county or state correctional facilities where education programs are provided, where the student seeks or intends to enroll or is directed to enroll. The release is subject to the conditions in Education Code Section 76225. The College Registrar is responsible for the security and privacy of such records.

Student records may be released to agencies or organizations in connection with a student’s application for, or receipt of, financial aid, provided that information permitting the personal identification of those students may be disclosed only as may be necessary for those purposes as to financial aid, to determine the amount of the financial aid, or conditions that will be imposed regarding financial aid, or to enforce the terms or conditions of financial aid. The College Registrar is responsible for the security and privacy of such records.

Student records may be released to organizations conducting studies for, or on behalf of, accrediting organizations, educational agencies or institutions for the purpose of developing, validating, or administrating predictive tests, administering financial aid programs, and improving instruction, if those studies are conducted in such a manner as will not permit the personal identification of students or their parents by persons other than representatives of those organizations and the information will be destroyed when no longer needed for the purpose for which it is conducted. The College Registrar is responsible for the security and privacy of such records.

Student records may be released to appropriate persons in connection with an emergency if the knowledge of that information is necessary to protect the health or safety of a student or other persons, subject to applicable federal or state law. The College Registrar is responsible for the security and privacy of such records.

The following information shall be released to the federal military for the purposes of federal military recruitment: student names, addresses, electronic mail addresses, telephone listings, dates and places of birth, levels of education, majors, degrees received, prior military experience, or the most recent previous educational institutions enrolled in by the students.

Students who are minors attending classes are considered college students and records cannot be shared with parents without the permission of the student.

Access to Student Records for Immigration Enforcement Purposes
The District must obtain a student’s written consent before disclosing educational records, unless the information is relevant for a legitimate educational interest or includes directory information only. Neither exception permits disclosing information for immigration enforcement purposes; no student information shall be disclosed for immigration enforcement purposes without a court order or judicial warrant. Without a court order or a judicial warrant, written consent must be signed and dated by the student, or (if the student is a minor) by the student’s parent or guardian, before disclosure of the information, and must specify the records that may be disclosed, the purpose of the disclosure, and the party or class of parties to whom the disclosure may be made.

If desired by the student, the District must provide a copy of the records to be released. The party to whom the information is disclosed may not re-disclose the information to any other party without the prior consent of the student or subsequent court order.

District personnel shall develop a written policy for interactions with immigration authorities seeking to review student records. At minimum, such policies shall include the following information:

- Contact information [name, title, e-mail addresses, and phone numbers] for the correct person to review and respond to a request for student records.
- Access to sample warrant and subpoena documents that could be used for access onto campus property, or to seize or arrest students or other individuals on campus.
District personnel shall provide a set of responses for [building personnel or residence hall staff] to use in response to officers seeking access to records for immigration enforcement purposes.

**Charge for Transcripts or Verifications of Student Records:** A student/former student shall be entitled to two free copies of the transcript of their record or two free verifications of various student records. Additional copies shall be made available to the student, or to an addressee designated by the student at a charge.

**Electronic Transcripts**
The District may elect to implement a process for the receipt and transmission of electronic student transcripts contingent upon receipt of sufficient funding.

**Use of Social Security Numbers**
The District shall not do any of the following:
- Publicly post or publicly display an individual’s social security number;
- Print an individual’s social security number on a card required to access products or services;
- Require an individual to transmit his or her social security number over the internet using a connection that is not secured or encrypted;
- Require an individual to use his or her social security number to access an Internet Web site without also requiring a password or unique personal identification number or other authentication devise; or
- Print, in whole or in part, an individual’s social security number that is visible on any materials that are mailed to the individual, except those materials used for:
  - Application or enrollment purposes;
  - To establish, amend, or terminate an account, contract, or policy; or
  - To confirm the accuracy of the social security number.

If the District has, prior to January 1, 2004, used an individual’s social security number in a manner inconsistent with the above restrictions, it may continue using that individual’s social security number in that same manner only if:
- The use of the social security number is continuous;
- The individual is provided an annual disclosure that informs the individual that he or she has the right to stop the use of his or her social security number in a manner otherwise prohibited;
- The College agrees to stop the use of an individual’s social security number in a manner otherwise prohibited upon a written request by that individual;
- No fee shall be charged for implementing this request; and the district shall not deny services to an individual for making such a request.

**Name and Gender Changes to Former Student Records**
If the District receives government-issued documentation, as described below, from a former student demonstrating that the former student’s legal name or gender has been changed, the District shall update the former student’s records to include the updated legal name or gender. If requested by the former student, the District shall reissue any documents conferred upon the former student with the former student’s updated legal name or gender. Documents that shall be reissued by the District upon request include, but are not necessarily limited to, a transcript or a diploma conferred by the institution.

The District shall not charge a higher fee for correcting, updating, or reissuing a document based on a legal name or gender change than the fee it charges for correcting, updating, or reissuing that document generally.

The documentation of a former student sufficient to demonstrate a legal name or gender change includes, but is not necessarily limited to, any of the following:
- State-issued driver’s license or identification card;
- Birth certificate;
• Passport;
• Social security card;
• Court order indicating a name change or a gender change, or both.

The District is not required to modify records that the former student has not requested for modification or reissuance.

A graduating student may request that the District confer the diploma in the student’s chosen name. The District cannot require a graduating student to provide legal documentation to demonstrate a legal name or gender change in order to have the student’s chosen name listed on the student’s diploma.
