3. Other

- Mike and Dr. Peretti will meet in Mike's office next week to go over his role as Dean approver.
- Mike is working on AP 4020 and will send it out to the Committee this week. The final draft should also be reviewed at Instruction Council. Jodi will include it as an agenda item for next week's meeting.
- The Committee would like to know where we are with the program upload that was supposed to take place over the summer. Jodi said she didn't think that the upload was done yet and Dr. Perlas indicated that Elaine was working with Matt Coombs on it and they were close to finishing.
- Another question came up regarding full-time and part time faculty having access to programs and whether part time faculty will be able to have access to edit. The Committee agreed that all revisions/updates will have to go through full time faculty in their area first.
- Mike and/or Dr. Greene will be discussing the GE Review process at tomorrow's Academic Senate meeting.
