Mission Statement

We are a comprehensive community college serving the economic, educational, lifelong learning, and workforce needs of Siskiyou County and the other communities our programs reach. We understand the transformative power of higher education and seek to inspire students by offering inclusive and practical learning experiences that are relevant in today's global economy and environment. We strive to prepare our students to align their newly-gained skills and experiences with those best suited to the work they wish to pursue and the lives they wish to lead. At the same time, we aim to inspire our students to engage actively, question deeply, reason critically, think boldly, communicate effectively, act innovatively, work collaboratively, and live ethically.
