Discussion followed regarding the data. Nathan also asked about “apportionment FTES”, as this doesn’t reflect Oregon, other out of state or International students.</p> <p>II. Approval of SEM Plan Discussion regarding the effect of the pandemic on the Enrollment Management Plan and the need for demonstrating serious consideration of enrollment management for ISAR. We may need to make adjustments due to new data because of the pandemic (i.e. fewer students). A motion was made to table the vote on the SEM plan until we have the 2019-20 data, other more recent data and the creation of a “cover letter” stating the effect on the pandemic on Plan. No opposition to the motion was made.</p> <p>Standing Items</p> <p>I. Report to IPB – SEM tabled until new data is reviewed in light of the pandemic.</p> <p>Adjourn</p>
