Meeting notes

Summer pilot:

- Ed, Shirley, Caroline, and Ann are teaching in summer and could assess
- Will ask for stipend for Caroline

Assessment philosophy:

- Help ameliorate fear that assessment could be used against us
- Help getting people on board.
- There may be resistance until people see how these conversations can help improve our courses

Faculty concerns about assessment:

- Take a bunch of time and not be purposeful
- We don't want eLumen driving processes
- We already have an SLO manual
- C-ID objectives versus SLOs

Proposed assessment plan:

- Ed - seems like it will work fine for academic and activity courses for athletics
- General agreement that it seems like a good starting place

Other:

- Committee was in support of the goals for next year and the information to be presented at Academic Senate
- Add transparency to guiding principles?
