**SLO ASSESSMENT COMMITTEE MINUTES**  
**Thursday, Sept 14, 2023**  
**3:30-4:30 pm on Zoom**

Attendance: Leigh Moore, Shirley Louie, Caroline Scott, Liz Carlyle, Ann Womack, Jude Baldwin

Convened at 3:30

**1. APPROVAL OF MINUTES**

**2. DISCUSSION ITEMS**

- a) Confirm membership and role of the committee: advocate and support assessment in each area. Bring issues to the SLO committee so we can identify “pain points”.

Encouraged committee to consider adding member, possibly administrators – JT was suggested as a possible addition (could be optional).

- b) Update on the work so far:

i) Assessment cycle - mostly complete

ii) Fall Planning - also mostly complete

iii) Meeting with Deans/Instruction Office - on 9/15, bring them up to speed, will ask them to communicate with faculty

iv) Meeting with Mark F. - met with on 9/14, supported funds for data visualization and stipend contract for Caroline for her committee service

v) Needs Assessment - haven't looked at results yet, bring to next meeting, maybe set up a workgroup to identify professional development activity, would like to do an optional flex session in spring (on Zoom too or entirely?), will send out again to see if we can get more responses, will also send to pt faculty

vi) Data upload update - not yet, hopefully soon, support ticket with eLumen, rep said it should be resolved late this week

- c) Review potential committee goals for the year:

i) “Get all the parts in place” for faculty assessment - complete construction of the assessment process – mostly Liz and Ann

ii) Approve an assessment philosophy in Senate - discuss questions from document – tackle a couple at a time – entire committee

iii) Facilitate one professional development workshop in Flex - identify a cycle of PD for each year – entire committee

iv) SAO outcome? - facilitate development of SAO outcomes and an assessment process

- d) Dialogue Days: add an additional Flex day--Pros/Cons, alternative options - will be bringing this to the FA meeting, college has done this in the past, stopped when curriculum went away, 3 hours, will also bring to Instruction Council

### 3. TRAINING

- a) Mapping in eLumen training (30 mins) - Explained why we need to do mapping to indirectly assess PSLOs and GESLOs and barriers to getting mapping done (permissions in eLumen), did a demo, Leigh and Shirley will do their courses and report back on how it goes, will meet with Ed separately and ask that he do the same

### 4. ADJOURNMENT
