INDEPENDENT AUDITORS' REPORT

The Board of Trustees Siskiyou Joint Community College District Weed, California

Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities and the fiduciary activities of Siskiyou Joint Community College District, as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise Siskiyou Joint Community College District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the fiduciary activities of Siskiyou Joint Community College District as of June 30, 2020, and the respective changes in its financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 4 to 12 and the Required Supplementary Information as noted in the table of contents on pages 49 to 53 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Siskiyou Joint Community College District's basic financial statements. The supplementary information listed in the table of contents, including the schedule of expenditures of Federal awards, which is required by the Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards is presented for purposes of additional analysis and is not a required part of the basic financial statements.

CalCPA

The schedule of expenditure of federal awards and other supplementary information as listed in the table of contents is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The schedule of expenditure of federal awards and other supplementary information as listed in the table of contents, except for the District Organizational Structure, Combining Balance Sheet – District Funds Included in the Reporting Entity and the Combining Statement of Revenues, Expenses, and Changes in Fund Equity have been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditure of federal awards and other supplementary information as listed in the table of contents, except for the District Organizational Structure, Combining Balance Sheet – District Funds Included in the Reporting Entity and Combining Statement of Revenues, Expenses, and Changes in Fund Equity – District Funds Included in the Reporting Entity and Combining Statement of Revenues, Expenses, and Changes in Fund Equity – District Funds Included in the Reporting Entity and Combining Statement of Revenues, Expenses, and Change in Net Position – District Funds Included in the Reporting Entity and Combining Statement of Revenues, Expenses, and Change in Net Position – District Funds Included in the Reporting Entity, are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The District Organizational Structure, Combining Balance Sheet – District Funds Included in the Reporting Entity and Combining Statement of Revenues, Expenses, and Changes in Fund Equity – District Funds Included in the Reporting Entity have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated February 23, 2021 on our consideration of Siskiyou Joint Community College District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Siskiyou Joint Community College District's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

ADMINISTRATIVE SERVICES

USING THIS ANNUAL REPORT

As required by Governmental Accounting Standards Board (GASB) accounting principles, the annual report consists of three basic financial statements that provide information on the District's activities as a whole: The Statement of Net Position; the Statement of Revenues, Expenses, and Changes in Net Position; and the Statement of Cash Flows. The Statement of Net Position presents the assets, liabilities, and net position of the District as of the end of the fiscal year using the accrual basis of accounting, which is comparable to the accounting basis used by most private-sector institutions. Net position – the difference between assets and liabilities – are one way to measure the financial health of the District. The Statement of Revenues, Expenses, and Changes in Net Position focuses on the costs of the District's operational activities, which are supported mainly by State apportionment, property taxes, and other revenues. This approach is intended to summarize and simplify the user's analysis of the cost of various District services to students and the public. The Statement of Cash Flows provides an analysis of the sources and uses of cash within the operations of the District.

FINANCIAL HIGHLIGHTS

- The liabilities of the District exceeded its assets by \$7.6 million in 2019-20 and in 2018-19, liabilities exceeded assets by \$8.7 million.
- At the close of the 2020 and 2019 fiscal years, the balance designated for economic uncertainties and the undesignated fund balance for the General Fund exceeded the State Chancellor's Office guideline of 5% of the General Fund expenses.
- Resident Full-Time Equivalent Students (FTES) for 2019-20 and 2018-19 were 1,895 and 2,085, respectively. The District's FTES declined significantly during the Spring of 2020 due to the COVID-19 pandemic that started in March. Although the District converted as many courses as possible to an on-line modality, the statewide shutdown greatly affected the District's ability to continue to offer all its courses. Moving forward, the District will continue to look for ways to increase its base enrollments as well as finding alternative means to provide courses for the students that will help them meet their educational goals.

FINANCIAL HIGHLIGHTS, continued

- For the 2020 and 2019 fiscal years, total student financial aid offered to qualifying students throughout the District exceeded \$5.54 million and \$4.96 million, respectively, and is provided through grants and loans from the federal government, State Chancellor's Office, and local funding.
- Cost of employee benefits has stabilized for 2019-20 and 2018-19 under the contract with California Valued Trust (CVT) for health and prescription coverage. For 2019-20, the District paid the pay-as-you-go amount without any additional contribution to the trust.
- The occupancy rate for the lodges varied greatly from Fall 2019 through Summer 2020 due to the COVID-19 Pandemic that occurred in March 2020. In the Fall of 2019, the Lodges were at 100% capacity plus overflow accommodations serving 160 residents. The start of the Spring term was nearly as well with 153 residents starting in January 2020. However, with the emergency declaration on March 19, 2020, only 26 residents were able to remain throughout the entire Spring term. Those who remained were enrolled in essential training programs, international students, and those students with insecure housing arrangements. In supporting the students who could not remain on campus, the Lodges were able to credit back those fees charged from March 20th through the end of the semester. Additionally, the Summer 2020 conference programs were cancelled except for a three-week long Upward Bound course at the end of June 2020.

SISKIYOU JOINT COMMUNITY COLLEGE DISTRICT MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2020

State apportionments, capital	-	43,186	(43,186)
Local property taxes and revenues, capital	 1,739,013	1,709,491	29,522
Change in Net Position	\$ (1,270,426)	\$ (2,136,416)	\$ 865,990

This schedule has been prepared from the Statement of Revenues, Expenses, and Changes in Net Position (page 14).

Auxiliary revenues consist of bookstore and cafeteria sales and charges. Room and board for the students are not part of auxiliary revenue but are included in tuition and fees under operating revenues. These operations are intended to be self-supporting through student related activities.

Grant and contract revenues relate to specific federal and State grants received for programs serving the students of the District. These grant and program revenues are restricted as to the allowable expenses related to the programs.

OPERATING RESULTS, continued

For 2020 and 2019, the District is recording the depreciation expense related to capital assets. The detail of the changes in capital assets for the year is included in the notes to the financial statements as Note 4.

The primary operating receipts are student tuition and fees and federal, state, and local grants and contracts. The primary operating expense of the District is the payment of salaries and benefits to instructional and classified support staff.

While state apportionment and property taxes are the primary source of noncapital related revenue, the adoption of changes to GASB accounting standards require that this source of revenue is shown as nonoperating revenue as it comes from the general resources of the State and not from the primary users of the District's programs and services (students). The District depends upon this funding as the primary source of funds to continue the current level of operations.

STATEMENT OF CASH FLOWS

The Statement of Cash Flows provides information about cash receipts and payments during the year. This statement also assists users in assessing the District's ability to meet its obligations as they come due and any potential need for external financing. This schedule is prepared from the Statement of Cash Flows presented on pages 15 and 16.

	 2020	2019	Change
CASH PROVIDED BY (USED IN)			
Operating activities	\$ (24,567,437) \$	(28,241,797) \$	3,674,360
Non-capital financing activities	26,051,997	27,783,131	(1,731,134)
Capital financing activities	(953,319)	(206,345)	(746,974)
Investing activities	212,743	219,447	(6,704)
Net Increase (Decrease) in Cash and Cash Equivalents	\$ 743,984 \$	(445,564) \$	1,189,548

REVENUES

The District's major sources of revenues include State aid, property taxes, and grants and contracts. The primary basis of the apportionment component is the calculation of full-time equivalent students (FTES).

Of the revenue sources, State apportionment, property taxes, and enrollment fees are District General Revenues and commonly referred to as the "base revenue" to which adjustments for COLA, program improvement, growth, restoration, and any applicable deficit factor is applied. Adjustments to the "base revenue" are typically calculated twice each fiscal year and distributed through the First Principal Apportionment Statement (P1) in mid-February and the Second Principal Apportionment Statement (P2) in early June of each fiscal year.

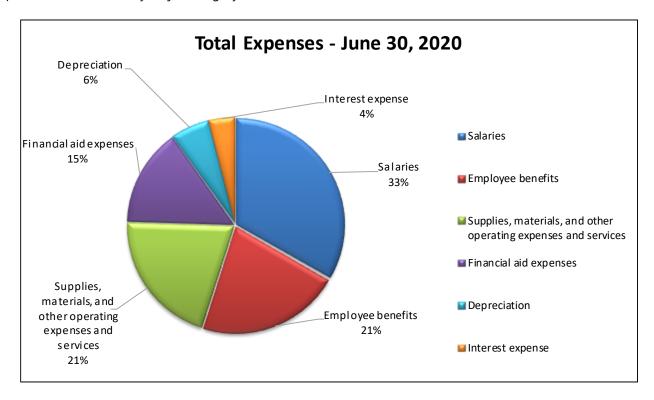

In fiscal years 2020 and 2019, the District's total revenues totaled \$36,014,220 and \$37,832,623, respectively. Total revenues for the District by major category are as follows:

SISKIYOU JOINT COMMUNITY COLLEGE DISTRICT MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2020

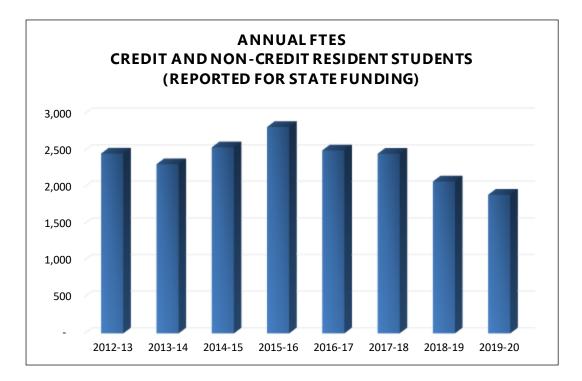

EXPENSES

The District expenses in the unrestricted General Fund were to provide classroom instruction, counseling and student support services, physical plant related activities, administration, and general support services. For the fiscal years ended June 30, 2020 and 2019, the District's expenses totaled \$37,284,646 and \$39,696,039, respectively. Total expense for the District by major category are as follows:

FULL-TIME EQUIVALENT STUDENTS (FTES)

The District's primary funding source is from apportionment received from the State of California. The primary basis of this apportionment is the calculation of Full-Time Equivalent Students (FTES). See the below chart for a historical perspective on the changes in FTES over the past 8 fiscal years.

COLLEGE OF THE SISKIYOUS AUXILIARY FOUNDATION

The Auxiliary Foundation was established as a 501(c)(3) non-profit charitable organization in 1992 to provide a vehicle for financial support from the community and beyond. It supports the mission and values of College of the Siskiyous by fostering community relationships and raising funds to enhance exceptional learning environments. This is accomplished through fundraising events, soliciting donations and contributions, and dispensing funds to support the College of the Siskiyous students and programs.

Throughout the year the Foundation conducts or assists campus personnel in a variety of friend-raising and fundraising activities including the Campus Employee Campaign, Annual Giving Campaign, North State Giving Tuesday, Scholarship Fundraising Dinner, and Holiday Craft Fair. Additionally, the Foundation serves as fiscal sponsor for numerous campus clubs, manages the Scholarship program, and coordinates and funds the campus Mini-Grant Program and Emergency Grant Program for Students.

The Foundation manages fiscal sponsorships that generate income for the Foundation, including the Eagle's Nest Resale shop. The Eagle's Nest shop has a paid manager and is staffed by numerous volunteers and student employees at its downtown Weed location. The shop provides a training site for students and helps to meet the retail needs of Weed and its surrounding community.

The Foundation manages approximately 35 endowed scholarships valued at over \$1.1 million, as well as the Rural Health Sciences Institute (RHSI) Program endowment, valued at over \$1.9 million. The RHSI endowment was funded through a variety of sources: a 2006 Title III federal grant; funds contributed by local foundations; and COS Foundation fundraising activities from individuals and businesses. The endowment helps support the annual technology and maintenance needs of the RHSI and since 2013 has provided \$327,093 in total funding. In June 2019, the COS Foundation ended its long-standing relationship with Edward Jones Investments following a search for a new Investment Firm. Sand Hill Global Advisors was chosen as the new management firm for the College Foundation and funding was transferred in July 2019.

ECONOMIC FACTORS AFFECTING THE SISKIYOU JOINT COMMUNITY COLLEGE DISTRICT

The economic position of College of the Siskiyous is closely tied to the state of California as State apportionments and property taxes allocated to the District represent approximately 88% of the total unrestricted resources of revenues received by the District. For 2019-20, the Chancellor's Office continued with the Student-Centered Funding Formula that not only accounts for full-time equivalent students (FTES), but is also calculated on need-based factors and program completion rates. Additional funding is provided based on a point system for economic need and numerous program completion factors. There are hold harmless provision built into the Student-Centered Funding Formula to protect districts as the new formula is fully implemented over the next few years.

During 2019-20, the state of California and the California Community College (CCC) system were significantly affected by the COVID-19 pandemic. Many factors affected the State revenues that support the apportionment funding provided to the District such as the economic shutdown of all but essential businesses across the state, the loss of student enrollments and delay of the collection of state income and property taxes. As of June 2020, these factors initially created a 7.36% system-wide deficit factor equating to an 8.16% deficit factor (nearly \$1.6 million) for the College of the Siskiyous. In the months that followed, the CCC system working with the State, was able to solidify and align the State's revenue sources to bring the final deficit factor down to 0.95% (\$182,911) for the College of the Siskiyous.

ECONOMIC FACTORS AFFECTING THE SISKIYOU JOINT COMMUNITY COLLEGE DISTRICT, continued

The District was able to convert many classes to an on-line modality in order to continue to meet the educational goals of the students. In Addition, with the use of emergency federal CARES Act funding related to the COVID-19 pandemic the District was able to support the students through emergency financial aid grants as well as enrollment fee, housing and cafeteria meal plan refunds for those students who were unable to complete the Spring term.

For 2020-21, the District has developed a plan to reopen the campus to whatever extent allowable with appropriate physical distancing, and health and safety protocols in place. The District has also developed its 2020-21 Final Budget to account for the anticipated loss of certain revenues and has reduced its general fund budget through incentive plans and structural reorganization to be able to sustain services to its students. Depending on the ultimate severity and duration of the COVID-19 crisis, the District will modify its budget to whatever extent necessary to maintain service to the students either remotely or in person.

We recognize that as programs and facilities are added, financial responsibilities also increase. We also understand that state funding may not completely meet these added responsibilities. In support of the District's mission, the College's Auxiliary Foundation has provided consistent support of District programs and needs through the Rural Health Sciences Institute endowment established under the Title III grant a number of years ago. One-half of the net earnings produced by the endowment each year may be used to support facility and program needs of the Rural Health Sciences Institute. Since 2013, the endowment has contributed \$327,093 in support of the District programs.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, students, investors, and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. If you have any questions about this report or need any additional financial information, please contact the District at: Siskiyou Joint Community College District, 800 College Ave., Weed, CA 96094 or visit the District's website at http://www.siskiyous.edu/.

Definition of the Reporting Entity

Siskiyou Joint Community College District (the District) is a community college governed by an elected sevenmember Board of Trustees. The District provides educational services to the local residents of the surrounding area. The District consists of one community college located in Weed, California, and a satellite campus in Yreka, California.

For financial reporting purposes, the District includes all funds, agencies, and authorities that are controlled by, or dependent on, the District's executive and legislative branches. Control by, or dependence on, the District was determined on the basis of budget adoption, taxing authority, outstanding debt secured by revenues or general obligations of the District, obligations of the District to finance any deficits that may occur, or receipt of significant subsidies from the District.

As a result, the financial statements of the District include the financial activities of the District and the combined totals of the trust and agency funds, which represent the various scholarships and student organizations within the District.

The District identified the College of the Siskiyous Foundation (the Foundation) as its only potential component unit. The District and the Foundation have financial and operational relationships that meet the reporting entity definition criteria of the Governmental Accounting Standards Board (GASB) for inclusion of the Foundation as a component unit of the District. Accordingly, the financial activities of the Foundation as a component unit have been included in the financial statements of the District.

The following are those aspects of the relationship between the District and the Foundation as the component unit that satisfies the GASB:

Accountability: The District is able to impose its will upon the Foundation. The Foundation provides specific financial benefits, or imposes specific financial burdens, on the District.

Scope of Public Service: The Foundation is a nonprofit public benefit corporation incorporated under the laws of the state of California. The Foundation was formed to promote and assist the educational services of the District.

Discrete Presentation: For financial presentation purposes, the Foundation's financial activities have been discretely presented with the financial activities of the District.

Basis of Presentation and Accounting – The basic financial statements of the District have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The GASB is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

For financial reporting purposes, the District is considered a special-purpose government engaged only in businesstype activities (BTA). Accordingly, the District's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. All significant intra-agency transactions have been eliminated.

The budgetary and financial accounts of the District are recorded and maintained in accordance with the *California Community Colleges Budget and Accounting Manual.*

Cash, Cash Equivalents and Investments – The District considers all highly liquid investments with an original maturity of three months or less to be cash equivalents. GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*, provides that amounts held in external investment pools be reported at fair value. However, cash in the County Treasury is recorded at the value of the pool shares held, which approximates the fair value of the underlying cash and investments of the pool.

Restricted Cash and Cash Equivalents – Restricted cash and cash equivalents include amounts restricted for the repayment of debt, for use in the acquisition or construction of capital assets, for restricted programs, for any other restricted purpose, or in any funds restricted in purpose per the *California Community Colleges Budget and Accounting Manual*.

Accounts Receivable – Accounts receivable consist of tuition and fee charges to students and auxiliary enterprise services provided to students, faculty and staff, the majority of each residing in the state of California. Accounts receivable also include amounts due from the federal, state, and local governments, or private sources, in connection with reimbursement of allowable expenses made pursuant to the District's grants and contracts. The District utilizes the allowance method with respect to its accounts receivable based on all accounts receivable with an age greater than four years old in combination with historical collection information. The allowance was estimated at \$13,625 for the year ended June 30, 2020.

Inventory and Prepaids – Inventory consists primarily of bookstore merchandise including, but not limited to, books, instructional materials, and sundry items held for resale to students and staff of the District. Additional inventory exists related to cafeteria operations. Inventory is valued at average cost, which approximates market, using the purchase method.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items.

Capital Assets – Capital assets are recorded at cost at the date of acquisition, or fair market value at the date of donation in the case of gifts. Where historical cost is not available, estimated historical cost is based on replacement cost reduced for inflation. Capitalized equipment includes all items with a unit cost of \$5,000 or more, and estimated useful life of greater than one year. Renovations to buildings, infrastructure, and land improvements that significantly increase the value or extend the useful life of the structure are capitalized. Routine repairs and maintenance are charged to operating expense in the year the expense was incurred.

Depreciation of capitalized assets is computed using the straight-line method over the estimated useful lives of the assets; generally, 25 to 50 years for buildings, 20 years for land improvements, and 5 to 15 years for equipment and vehicles.

Fair Value Measurements – The District categorizes its fair value measurements within the fair value hierarchy established by general accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; level 2 inputs are significant other observable inputs; and level 3 inputs are significant unobservable inputs.

Deferred Outflows/Inflows of Resources – In addition to assets, the statement of net position includes a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) which will only be recognized as an outflow of resources (expense/expenditures) in the future. District contributions subsequent to the measurement date related to pension plans, are reported as deferred outflows of resources in the government-wide statement of net position. District contributions subsequent to the measurement date will be amortized during the next fiscal year.

In addition to liabilities, the statement of net position includes a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and would only be recognized as an inflow of resources (revenue) at that time.

Changes in proportion and differences between District contributions and proportionate share of pension contributions, the District's proportionate share of the net difference between projected and actual earnings on pension plan investments, changes in assumptions, and the differences between the District's expected and actual experience are reported as deferred inflows of resources or deferred outflows of resources in the government-wide statement of net position. These amounts are amortized over the estimated service lives of the pension plan participants.

The District also has a deferred loss on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

Advances from Grantors and Students – Advances include amounts received for tuition, fees, and certain auxiliary activities prior to the end of the fiscal year but related to the subsequent accounting period. Advances also include amounts received from grant and contract sponsors that have not yet been earned.

Amounts Held for Others – Amounts held for others represents funds held by the District for the Associated Students Trust Fund, Scholarship and Loan Trust Fund, and other agency funds.

Compensated Absences – Accumulated and vested unpaid employee vacation benefits are recognized as liabilities of the District as the benefits are earned.

Accumulated sick leave benefits are not recognized as liabilities of the District. The District's policy is to record sick leave as an operating expense in the period taken since such benefits do not vest nor is payment probable; however, unused sick leave is added to the creditable service period for calculation of retirement benefits when the employee retires.

Long-Term Liabilities – Bond premiums are deferred and amortized over the life of the bonds using the straightline method, which does not differ materially from the effective interest method. Bonds payable are reported net of the applicable bond premium. Bond issuance costs are expensed in the year incurred. Amortization of bond premiums was \$79,799 for the year ended June 30, 2020.

Pensions – Deferred outflows of resources/deferred inflows of resources related to pensions and pension expense, information about the fiduciary net position of the State Teachers' Retirement Plan (STRP) and California Public Employees' Retirement System (CalPERS), and additions to/deductions from STRP's and CalPERS's fiduciary net position have been determined on the same basis as they are reported by California State Teachers' Retirement System (CalSTRS) and CalPERS for purposes of measuring the net pension liability. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable with the benefit terms. Investments are reported at fair value.

Net Position – The District's net position is classified as follows:

Net Investment in Capital Assets: This represents the District's total investment in capital assets, net of outstanding debt obligations related to those capital assets.

Restricted Net Position – Nonexpendable: Consists of endowment and similar type funds in which donors or other outside sources have stipulated, as a condition of the gift instrument, that the principal is to be maintained inviolate and in perpetuity, and invested for the purpose of producing present and future income, which may be expended or added to the principal depending on donor stipulations.

Restricted Net Position – Expendable: Restricted expendable net position represents resources which are legally or contractually obligated to be spent in accordance with restrictions imposed by external third parties.

Unrestricted Net Position: Unrestricted net position represents resources derived from student tuition and fees, state apportionments, and sales and services of educational departments and auxiliary enterprises. These resources are used for transactions relating to the educational and general operations of the District, and may be used at the discretion of the governing board to meet current expenses for any purpose.

When an expense is incurred that can be paid using either restricted or unrestricted resources, the District's policy is to first apply the expense toward restricted resources, and then toward unrestricted resources.

Classification of Revenues – The District has classified its revenues as either operating or nonoperating, according to the following criteria:

Operating Revenues: Operating revenues include activities that have the characteristics of exchange transactions, such as: (1) student tuition and fees, net of scholarship discounts and allowances; (2) sales and services of auxiliary enterprises; and (3) some federal, state, and local grants contracts and federal appropriations.

Nonoperating Revenues: Nonoperating revenues include activities that have the characteristics of nonexchange transactions, such as gifts and contributions, and other revenue sources described in GASB Statement No. 34, *Basic Financial Statements – And Management's Discussion and Analysis – For State and Local Governments*, such as state appropriations, financial aid, and investment income.

Scholarship Discounts and Allowances – Student tuition and fee revenue are reported net of scholarship discounts and allowances in the statement of revenues, expenses, and changes in net position. Scholarship discounts and allowances represent the difference between stated charges for goods and services provided by the District and the amount that is paid by students and/or third parties making payments on the students' behalf.

State Apportionment – Certain current-year apportionments from the State are based on various financial and statistical information of the previous year, as well as state budgets and other factors outside the District's control. In February, subsequent to the year end, the State performs a recalculation based on actual financial and statistical information for the year just completed. The District's policy is to estimate the recalculation correction to apportionment, if any, based on factors they can reasonably determine such as local property tax revenue received and changes in full time equivalent students. Any additional corrections determined by the State are recorded in the year computed by the State.

Property Taxes – Secured property taxes attach as an enforceable lien on property as of January 1. Taxes are payable in two installments on November 1 and February 1 and become delinquent if paid after December 10 and April 10. Unsecured property taxes are payable in one installment on or before August 31. The County of Siskiyou (the County) bills and collects the taxes for the District.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the basic financial statements and accompanying notes. Actual results may differ from those estimates.

Budgets and Budgetary Accounting – By state law, the District's governing board must approve a tentative budget no later than July 1, and adopt a final budget no later than September 15 of each year. A hearing must be conducted for public comments prior to adoption. The District's governing board satisfied these requirements.

The budget is revised during the year to incorporate categorical funds that are awarded during the year and miscellaneous changes to the spending plans. The District's governing board approves subsequent revisions to the budget after year end.

On-Behalf Payments – GASB Statement No. 24, Accounting and Financial Reporting for Certain Grants and Other Financial Assistance, requires that direct on-behalf payments for fringe benefits and salaries made by an entity to a third-party recipient for the employees of another legally separate entity be recognized as revenue and expenses by the employer government. The state of California makes direct on-behalf payments for retirement benefits to the California State Teachers' Retirement System (CalSTRS) and the California Public Employees' Retirement System (CalPERS) on behalf of all community college districts in California. The amount reported in the basic financial statements as of June 30, 2020, was \$579,279.

DISCRETELY PRESENTED COMPONENT UNIT – FOUNDATION

Organization – The purpose of the Foundation is to accumulate funds to award scholarships to assist students while attending the District, and for designated projects. A substantial portion of the Foundation's revenue is from community donations, including direct donations and sales from the Eagle's Nest.

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting.

Basis of Presentation – Net assets and revenues, expenses, gains and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the Foundation and changes therein are classified and reported as follows:

Net assets without donor restrictions are those resources that are currently available for operations.

Net assets with donor restrictions are those resources which are stipulated by donors for various scholarships or other programmatic uses.

Cash and Cash Equivalents – For purpose of the statement of cash flows, the Foundation considers all short-term securities purchased with a maturity of three months or less to be cash equivalents.

Investments – Investments are recorded at fair value based on quoted market values. The art collection and gem investments held by the Foundation are carried at the appraised value at the time of donation and reduced for any permanent declines in market value.

Fair Value Measurements – The Foundation accounts for certain assets and liabilities in accordance with FASB ASC 820, *Fair Value Measurements and Disclosures*, which establishes a framework for measuring fair value under generally accepted accounting principles.

The Foundation classifies its fair value assets and liabilities into a hierarchy of three levels based on the markets in which they are traded and the reliability of the assumptions used to determine fair value. The asset or liability measurement level within the hierarchy is based on the lowest level of any assumption that is significant to the measurement.

Valuations within the hierarchy levels are based upon the following:

Level 1: Quoted market prices for identical instruments traded in active exchange markets.

Level 2: Quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable or can be corroborated by observable market data.

Level 3: Model-based techniques that use at least one significant assumption not observable in the market. These unobservable assumptions reflect the Foundation's estimates of assumptions that market participants would use on pricing the asset or liability. Valuation techniques include management's judgment and estimation, which may be significant.

Endowment Investment and Spending Policies – The Foundation's endowment consists of approximately 40 individual funds established for a variety of purposes. Its endowment includes both donor-restricted funds and funds designated by the Board of Trustees to function as endowments. As required by generally accepted accounting principles, net position associated with endowment funds, including funds designated by the Board of Trustees to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

The Board of Trustees of the Foundation has interpreted the Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation classifies as permanently restricted net position (nonexpendable net position): (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted net position (expendable net position) until those amounts are appropriated for spending by the Foundation in a manner consistent with the standard of prudence prescribed by UPMIFA. In accordance with uPMIFA, the Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds: (1) the duration and preservation of the various funds, (2) the purposes of the institution and the endowment fund, (3) general economic conditions, (4) the possible effect of inflation and deflation, (5) the expected total return from income and the appreciation of investments, (6) other resources of the Foundation, and (7) the Foundation's investment policies.

Investment Return Objectives, Risk Parameters, and Strategies: The Foundation has adopted investment and spending policies, approved by the Board of Trustees, for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment funds while also maintaining the purchasing power of those endowment assets over the long-term. Accordingly, the investment process seeks to achieve an after-cost total real rate of return, including investment income as well as capital appreciation, which exceeds the annual distribution with acceptable levels of risk. Endowment assets are invested in a well-diversified asset mix, which includes equity and debt securities, which is intended to result in a consistent inflation-protected rate of return that has sufficient liquidity to make an annual distribution of 4% to 7% of the Foundation's scholarship endowments, while growing the funds, if possible. Therefore, the Foundation expects its endowment assets, over time, to produce an average rate of return of 4% to 7% annually. Actual returns in any given year may vary from this amount. Investment risk is measured in terms of the total endowment fund; investment assets and allocation between asset classes and strategies are managed to not expose the fund to unacceptable levels of risk.

Spending Policy: The Foundation has a policy of appropriating for distribution each year 4% to 7% of its endowment fund's fair market value as of the calendar year-end preceding the fiscal year in which the distribution is planned. In establishing this policy, the Foundation considered the long-term expected return on its investment assets, the nature and duration of the individual endowment funds, and the possible effects of inflation. The Foundation expects the current spending policy to allow its endowment funds to grow at a nominal annual rate, which is consistent with the Foundation's objective to maintain the purchasing power of the endowment assets as well as to provide additional real growth through investment return.

Contributions – Contributions, including unconditional promises to give, are recorded when made. All contributions are available for unrestricted use unless specifically restricted by the donor. Conditional promises to give are recognized when the conditions on which they depend are substantially met. Unconditional promises to give that are due in the next year are recorded at their net realizable value. Unconditional promises to give that are due in subsequent years are reported at their net realizable value, using risk-free interest rates applicable to the years in which the promises are to be received.

Recognition of Donor-Restricted Contributions – Donor-restricted support is reported as an increase in temporarily or permanently restricted net position depending on the nature of the restriction. When a restriction expires, temporarily restricted net position is reclassified to unrestricted net position. However, contributions that are restricted by the donor are reported as increases in unrestricted net position if the restrictions expire (that is, when a stipulated time restriction ends or purpose restriction is accomplished) in the reporting period in which the revenue is recognized.

Donated Services – Donated services are recognized as contributions in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Subtopic 958-605, *Not-for-Profit Entities – Revenue Recognition*, if the services: (a) create or enhance nonfinancial assets, or (b) require specialized skills, performed by people with those skills, and would otherwise be purchased by the Foundation.

The Foundation receives donated administrative services from the District. The value of these services was estimated at \$93,808 for the year ended June 30, 2020.

Volunteers also provided their time and performed a variety of tasks that assisted the Foundation with the thrift shop and other program services. These services did not meet the above requirement for recognition in these financial statements and, accordingly, have not been valued or recorded.

Income Taxes – The Foundation operates under Section 501(c)(3) of the *Internal Revenue Code* and 23701(d) of the *California Revenue and Taxation Code* and is exempt from federal and state income taxes. Accordingly, no provision for income taxes is included in the financial statements. In addition, the Foundation qualifies for the charitable contribution deduction under Section 170(b)(1)(A) and has been classified as an organization that is not a private foundation under Section 509(a)(2).

FASB ASC 740-10 clarifies the accounting for uncertainty in income taxes recognized in the Foundation's financial statements in accordance with FASB ASC 740, and prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken, or expected to be taken, in a tax return. FASB ASC 740-10 also provides guidance on derecognition and measurement of a tax position taken, or expected to be taken, in a tax return. The Foundation files income tax returns in the U.S. federal jurisdiction, and the state of California.

The Foundation's federal income tax returns for tax years 2013 and beyond remain subject to examination by the Internal Revenue Service. The Foundation's California income tax returns for tax years 2012 and beyond remain subject to examination by the Franchise Tax Board.

The Foundation did not have unrecognized tax benefits as of June 30, 2020, and does not expect this to change significantly over the next 12 months. In connection with the adoption of FASB ASC 740-10, the Foundation will recognize interest and penalties accrued on any unrecognized tax benefits as a component of income tax expense. As of June 30, 2020, the Foundation did not accrue interest or penalties related to uncertain tax positions.

NOTE 2 - CASH AND INVESTMENTS

The following is a summary of cash and investments:

	 District	Foundation
Cash and cash equivalents - current	\$ 6,060,767	\$ 292,452
Restricted cash and cash equivalents - noncurrent	9,090,582	-
Investments	 -	3,529,456
Total Deposits and Investments	\$ 15,151,349	\$ 3,821,908

NOTE 2 - CASH AND INVESTMENTS, continued

DEPOSITS

The carrying amount of the District's and Foundation's deposits is summarized as follows:

	 District	Foundation		
Cash in county treasury	\$ 13,912,816	\$	292,252	
Cash in banks	1,234,598		-	
Cash on hand	 3,935		200	
Totals	\$ 15,151,349	\$	292,452	

As provided for by *California Education Code*, Section 41001, a significant portion of the District's cash balances of most funds is deposited with the Siskiyou County Treasurer for the purpose of increasing interest earned through County investment activities. The County Treasury's Pooled Money Investment account's weighted average maturity was 1.33 years at June 30, 2020. As of June 30, 2020, the fair value of the County pool was 100.96% of the carrying value and is deemed to not represent a material difference. The pooled treasury has regulatory oversight by the Siskiyou County Treasury Oversight Committee in accordance with *California Government Code* requirements. The District is considered to be an involuntary participant in the external investment pool. Copies of the County's audited financial statements can be obtained from the Siskiyou County Auditor-Controller's Office, 311 Fourth Street, Yreka, California 96097.

Investments

Under provision of the District's investment policy, and in accordance with Sections 53601 and 53602 of the *California Government Code*, the District may invest in the following types of investments:

- State of California issues
- Local Agency Investment Fund (state pool) deposits
- County Treasurer
- U.S. Treasury Bonds with less than a five-year maturity
- Time Certificates of Deposit limited to \$100,000 per financial institution (institution must be insured by FSLIC and/or FDIC, licensed by the state of California and/or the federal government, and located within the state of California)

The investment policy of the Foundation allows for investment in a variety of mutual funds and debt securities. As it relates to the gem and art collection, the Foundation intends to retain these as investments and sell the items on an as-needed basis.

NOTE 2 - CASH AND INVESTMENTS, continued

Investments consisted of the following:

	District		Foundation
Mutual funds and debt securities	\$	- \$	3,496,921
Art and gems		-	32,535
Totals	\$	- \$	3,529,456

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates that will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity its fair value is to changes in market interest rates. *California Government Code*, Section 53601, limits investments to maturities of five years. The District and Foundation investment policies are to hold investments to call or maturity to further mitigate interest rate risk.

Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligation to the holder of the investment. This is measured by ratings assigned by nationally recognized organizations. The District and Foundation investment policies address credit risk by limiting their investment types as noted above to investments authorized by *California Government Code*. The investment in the county investment pool is unrated.

Concentration of Credit Risk

Concentration risk is defined as positions of 5% or more in the securities of a single issuer. The District and Foundation investment policies allow investments in a single issuer greater than 5%.

Custodial Credit Risk

Custodial credit risk is the risk that, in the event of the failure of the counterparty (e.g., financial institution, brokerdealer), the District's deposits may not be redeemed. For deposits, the *California Government Code* requires California banks and savings and loan associations to secure the District's deposits by pledging government securities as collateral. The market value of pledged securities must equal 110% of an entity's deposits. California law also allows financial institutions to secure an entity's deposits by pledging first trust deed mortgage notes having a value of 150% of an entity's total deposits. For investments, the District and Foundation do not have policies to address this risk.

All cash held by financial institutions is collateralized by securities that are held by the broker or dealer, or by its trust department or agent, but not in the District's name. In addition, \$250,000 of the bank balances (per institution) at June 30, 2020, are insured.

NOTE 2 - CASH AND INVESTMENTS, continued

Fair Value Measurements

The District's investment in the County treasurer's investment pool is measured at fair value. At June 30, 2020, the County treasurer's pool of \$14,046,307 is valued using quoted prices for similar instruments in active market and quoted prices for identical or similar instruments in markets that are not active (level 2 inputs).

NOTE 3 – ACCOUNTS RECEIVABLE

Accounts receivable consisted of the following:

	District		F	oundation
Federal	\$	588,812	\$	-
State		2,092,428		-
Local		1,925,354		7,774
Auxiliary enterprise sales and charges - net		144,770		-
Investment income		55,833		1,392
Totals	\$	4,807,197	\$	9,166

NOTE 4 - CAPITAL ASSETS

Capital asset activity consists of the following:

	5	inning Balance July 1, 2019	Additions	Deductions		iding Balance une 30, 2020
Capital assets not being depreciated						
Land	\$	199,350	\$ -	\$	-	\$ 199,350
Construction in progress		253,832	502,598		-	756,430
Total capital assets not being depreciated		453,182	502,598		-	955,780
Capital assets being depreciated						
Building improvements		12,737,950	295,243		-	13,033,193
Buildings		40,072,809	16,736		-	40,089,545
Vehicles		401,106	-		-	401,106
Equipment		8,261,497	736,424		-	8,997,921
Total capital assets being depreciated		61,473,362	1,048,403		-	62,521,765
Total capital assets		61,926,544	1,551,001		-	63,477,545
Less: accumulated depreciation		23,381,569	2,080,998		-	25,462,567
Net Capital Assets	\$	38,544,975	\$ (529,997)	\$	-	\$ 38,014,978

Depreciation expense for the year was \$2,080,998

NOTE 5 – ACCOUNTS PAYABLE

Accounts payable consisted of the following:

	 District		Foundation
Accrued payroll and related liabilities	\$ 1,731,601	\$	5,228
Interest payable	346,172		-
Other	 2,352,817		31,316
Totals	\$ 4,430,590	\$	36,544

NOTE 6 - LONG TERM LIABILITIES

The long-term liabilities activity is as follows:

	Balance July 1, 2019		Additions/ Accretions		Reductions		Balance June 30, 2020		rent Portion
Long-Term Debt									
General obligation bonds:									
Measure A:									
Series A	\$	800,000	\$ -	\$	535,000	\$	265,000	\$	265,000

NOTE 6 - LONG TERM LIABILITIES, continued

The 2005 General Obligation Bonds, Series A, were issued in May 2006 in the original amount of \$14,997,976, and include both current-interest bonds and capital appreciation bonds. The bonds are for the purpose of financing the acquisition, construction, modernization, and renovation of the District facilities. The bonds are payable solely from the proceeds of ad valorem taxes. The bonds were partially refinanced and the remaining bonds mature in 2021. The interest rate ranges from 4% to 5%.

Debt service requirements to maturity – The 2005 Series A General Obligation Bonds matures through August 1, 2020 as follows:

Fiscal Year	Principal	Interest		Total		
2021	 265,000		5,830		270,830	
Total	\$ 265,000	\$	5,830	\$	270,830	

The 2005 General Obligation Bonds, Series B and C, were issued in April 2008 in the original amount of \$9,998,688 and include both current-interest bonds and capital appreciation bonds. The bonds are for the purpose of financing the acquisition, construction, modernization and renovation of District facilities. The bonds are payable solely from the proceeds of ad valorem taxes. The Final maturity of all bonds is in August 2047. The interest rate ranges from 3% to 6%.

Debt service requirements to maturity – The 2005 Series B and C General Obligation Bonds matures through August 1, 2047 as follows:

			Accreted	
Fiscal Year	Principal	Interest	Interest	Total
2021	\$ 85,000	\$ 157,072	\$ - \$	242,072
2022	85,000	153,459	-	238,459
2023	80,000	149,800	-	229,800
2024	80,000	146,000	-	226,000
2025	75,000	142,125	-	217,125
2026-2030	275,000	662,625	-	937,625
2031-2035	1,211,637	632,500	7,123,363	8,967,500
2036-2040	4,274,648	442,750	8,070,352	12,787,750
2041-2045	1,949,535	-	13,235,465	15,185,000
2046-2048	 1,042,867	-	9,367,132	10,409,999
Accreted Interest	 6,575,015	-	(6,575,015)	-
Total	\$ 15,733,702	\$ 2,486,331	\$ 31,221,297 \$	49,441,330

The 2014 General Obligation Refunding Bonds were issued in September 2014 in the original amount of \$12,740,000 and includes current-interest bonds. The bonds are for the purpose of financing the acquisition, construction, modernization and renovation of District facilities. The bonds are payable solely from the proceeds of ad valorem taxes. Final maturity of all bonds is in August 2030. The interest rate ranges from 2% to 5%.

NOTE 6 - LONG TERM LIABILITIES, continued

Debt service requirements to maturity – The 2014 General Obligation Refunding Bonds matures through August 1, 2030 as follows:

Fiscal Year	Principal		Interest		Total
2021	\$ 385,000	\$	448,100	\$	833,100
2022	730,000		425,800		1,155,800
2023	820,000		394,800		1,214,800
2024	910,000		355,650		1,265,650
2025	1,020,000		315,038		1,335,038
2026-2030	6,805,000		866,300		7,671,300
2031	 1,730,000		28,112		1,758,112
Total	\$ 12,400,000	\$	2,833,800	\$	15,233,800

The District leases equipment and other capital assets at a cost of \$4,000,000 under agreements which provide for title to pass upon expiration of the lease period. The amount of interest costs incurred during the year ended June 30, 2020, was \$119,111, all of which was charged to expenses. Amortization under capital leases has been included with depreciation expense in the statement of revenue, expenses, and changes in net position.

Future minimum lease payments for capital leases are as follows:

Fiscal Year	Leas	Lease Payments				
2021	\$	356,956				
2022		356,956				
2023		356,956				
2024		356,955				
2025		356,955				
2026-2030		1,784,779				
2031-2032		713,911				
Total		4,283,468				
Less: Amount representing interest		751,703				
Present Value of Net Minimum Lease Payments	\$	3,531,765				

NOTE 7 - NET PENSION LIABILITY

Qualified employees are covered under multiple-employer contributory retirement plans maintained by agencies of the State of California. Certificated employees are member of the California State Teachers' Retirement System (CalSTRS), and Classified employees are members of the California Public Employees' Retirement System (CalPERS). The District reported its proportionate share of the net pension liabilities, pension expense, deferred outflows of resources, and deferred inflows of resources for each of the above plans as follows:

			(Collective		Collective		
	Co	ollective Net	Defer	red Outflows	Def	erred Inflows	(Collective
Pension Plan	Per	nsion Liability	of	Resources	of	f Resources	Pen	sion Expense
CalSTRS	\$	7,611,945	\$	1,863,923	\$	1,350,365	\$	762,802
CalPERS		11,723,135		3,187,944		290,100		2,900,550
Total	\$	19,335,080	\$	5,051,867	\$	1,640,465	\$	3,663,352

Pension Plans – California Public Employees' Retirement System (CalPERS)

General Information about the Pension Plan

Plan Description – Qualified employees are eligible to participate in the School Employer Pool (SEP) under the California Public Employees' Retirement System (CalPERS), a cost-sharing multiple-employer public employee retirement system defined benefit pension plan administered by CalPERS. Benefit provisions are established by State statutes, as legislatively amended, within the Public Employees' Retirement Law.

A full description of the pension plan regarding benefit provisions, assumptions (for funding, but not accounting purposes), and membership information is listed in the June 30, 2018 annual actuarial valuation report, Schools Pool Actuarial Valuation. This report and CalPERS audited financial information are publicly available reports that can be found on the CalPERS website under Forms and Publications at: https://www.calpers.ca.gov/page/forms-publications.

Benefits Provided – CalPERS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of service credit, a benefit factor and the member's final compensation. Members hired on or before December 31, 2012, with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. Members hired on or after January 1, 2013, with five years of total service are eligible to retire at age 52 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after five years of service. The Basic Death Benefit is paid to any member's beneficiary if the member dies while actively employed. An employee's eligible survivor may receive the 1957 Survivor Benefit if the member dies while actively employed, is at least age 50 (or 52 for members hired on or after January 1, 2013), and has at least five years of credited service. The cost of living adjustments for each plan are applied as specified by the Public Employees' Retirement Law.

Pension Plans – California Public Employees' Retirement System (CalPERS), continued

General Information about the Pension Plan, continued

The CalPERS provisions and benefits in effect at June 30, 2020, are summarized as follows:

	School Employer Pool (CalPERS)		
	On or before	On or after	
Hire date	December 31, 2012	January 1, 2013	
Benefit formula	2% at 55	2% at 62	
Benefit vesting schedule	5 years of service	5 years of service	
Benefit payments	Monthly for life	Monthly for life	
Retirement age	55	62	
Monthly benefits as a percentage of eligible compensation	1.1% - 2.5%	1.0% - 2.5%	
Required employee contribution rate	7.000%	6.500%	
Required employer contribution rate	19.72%	19.72%	

Contributions – Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. Total plan contributions are calculated through the CalPERS annual actuarial valuation process. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The District is required to contribute the difference between the actuarially determined rate and the contribution rate of employees. The contributions rates are expressed as percentage of annual payroll. The contribution rates for each plan for the year ended June 30, 2020, are presented above and the total District contributions were \$1,093,985.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to CalPERS

As of June 30, 2020, the District reported net pension liabilities for its proportionate share of the CalPERS net pension liability totaling \$11,723,135. The net pension liability was measured as of June 30, 2019. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating school districts, actuarially determined. The District's proportionate share for the measurement period June 30, 2019 and June 30, 2018, respectively was 0.040 percent and 0.042 percent, resulting in a net decrease in the proportionate share of 0.002 percent.

Pension Plans - California Public Employees' Retirement System (CalPERS), continued

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to CalPERS, continued

For the year ended June 30, 2020, the District recognized pension expense of \$2,900,550. At June 30, 2020, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferr	ed Outflows of	Def	ferred Inflows of
	F	Resources		Resources
Difference between projected and actual earnings on				
plan investments	\$	-	\$	108,732
Differences between expected and actual experience		851,570		-
Changes in assumptions		558,058		-
Net changes in proportionate share of net pension liability		684,331		181,368
District contributions subsequent to the measurement date		1,093,985		-
Total	\$	3,187,944	\$	290,100

The deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the subsequent fiscal year. The deferred outflows/(inflows) of resources related to pensions will be recognized as follows:

	Deferred			
	Outflows/(Inflows)			
Year Ended June 30,	C	of Resources		
2021	\$	1,392,822		
2022		278,258		
2023		88,240		
2024		44,539		
Total	\$	1,803,859		

Actuarial assumptions. For the measurement period ended June 30, 2019 (the measurement date), the total pension liability was determined by rolling forward the June 30, 2018 total pension liability. The June 30, 2019 and the June 30, 2018 total pension liabilities were based on the following actuarial methods and assumptions:

Valuation date	June 30, 2018
Measurement date	June 30, 2019
Experience study	July 1, 1997, through June 30, 2011
Actuarial cost method	Entry Age Normal
Discount rate	7.15%
Investment rate of return	7.15%
Consumer price inflation	2.50%
Wage growth	Varies by entry age and service

Pension Plans - California Public Employees' Retirement System (CalPERS), continued

Mortality assumptions are based on mortality rates resulting from the most recent CalPERS experience study adopted by the CalPERS Board. For purposes of the post-retirement mortality rates, those revised rates include five years of projected ongoing mortality improvement using Scale AA published by the Society of Actuaries. In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all the funds' asset classes, expected compound returns were calculated over the short-term (first ten years) and the long-term (11-60 years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and rounded down to the nearest one quarter of one percent.

The table below reflects long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. These geometric rates of return are net of administrative expenses:

	Assumed Asset	Real Return	Real Return
Asset Class*	Allocation	Years 1 - 10**	Years 11+***
Global Equity	50%	4.80%	5.98%
Fixed Income	28%	1.00%	2.62%
nflation Assets	0%	0.77%	1.81%
Private Equity	8%	6.30%	7.23%
Real Assets	13%	3.75%	4.93%
Liquidity	1%	0.00%	-0.92%
	100%		

*In the System's CAFR, Fixed Income is included in Global Debt Securities; Liquidity is included in Short-term

**An expected inflation of 2.0% used for this period

***An expected inflation of 2.92% used for this period

Discount Rate - The discount rate used to measure the total pension liability was 7.15 percent. A projection of the expected benefit payments and contributions was performed to determine if assets would run out. The test revealed the assets would not run out. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability for the Schools Pool. The results of the crossover testing for the Schools Pool are presented in a detailed report that can be obtained at CalPERS' website.

Pension Plans – California Public Employees' Retirement System (CalPERS), continued

Sensitivity of the District's proportionate share of the net pension liability to changes in the discount rate - The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.15 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is in the following table:

	1%		Current	1%
	Decrease	D	iscount Rate	Increase
	 (6.15%)		(7.15%)	(8.15%)
Plan's net pension liability	\$ 16,898,128	\$	11,723,135	\$ 7,430,120

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued CalPERS CAFR at https://www.calpers.ca.gov.

Pension Plans - California State Teachers' Retirement System (CalSTRS)

General Information about the Pension Plan

Plan Description – The District contributes to the State Teachers Retirement Plan (STRP) administered by the California State Teachers' Retirement System (CalSTRS). STRP is a cost-sharing multiple-employer public employee retirement system defined benefit pension plan. Benefit provisions are established by State statutes, as legislatively amended, within the State Teachers' Retirement Law.

A full description of the pension plan regarding benefit provisions, assumptions (for funding, but not accounting purposes), and membership information is listed in the June 30, 2018, annual actuarial valuation report, Defined Benefit Program Actuarial Valuation. This report and CalSTRS audited financial information are publicly available reports that can be found on the CalSTRS website under Publications at: http://www.calstrs.com/member-publications.

Benefits Provided - The STRP provides retirement, disability and survivor benefits to beneficiaries. Benefits are based on members' final compensation, age and years of service credit. Members hired on or before December 31, 2012, with five years of credited service are eligible for the normal retirement benefit at age 60. Members hired on or after January 1, 2013, with five years of credited service are eligible for the normal retirement benefit at age 62. The normal retirement benefit is equal to 2.0 percent of final compensation for each year of credited service.

The STRP is comprised of four programs: Defined Benefit Program, Defined Benefit Supplement Program, Cash Balance Benefit Program and Replacement Benefits Program. The STRP holds assets for the exclusive purpose of providing benefits to members and beneficiaries of these programs. CalSTRS also uses plan assets to defray reasonable expenses of administering the STRP. Although CalSTRS is the administrator of the STRP, the state is the sponsor of the STRP and obligor of the trust. In addition, the state is both an employer and nonemployer contributing entity to the STRP.

Pension Plans – California State Teachers' Retirement System (CalSTRS), continued

General Information about the Pension Plan, continued

The District contributes exclusively to the STRP Defined Benefit Program, thus disclosures are not included for the other plans. The STRP provision and benefits in effect as June 30, 2020 are summarized as follows:

	STRP Defined Benefit Plan		
	On or before	On or after	
Hire date	December 31, 2012	January 1, 2013	
Benefit formula	2% at 60	2% at 62	
Benefit vesting schedule	5 years of service	5 years of service	
Benefit payments	Monthly for life	Monthly for life	
Retirement age	60	62	
Monthly benefits as a percentage of eligible compensation	2.0% - 2.4%	2.0% - 2.4%	
Required employee contribution rate	10.25%	9.205%*	
Required employer contribution rate	17.10%	17.10%	
Required state contribution rate	10.328%	10.328%	
*The rate imposed on CaISTRS 2% at 62 members assuming	no change in the normal	cost of benefits	

The rate imposed on CalSTRS 2% at 62 members assuming no change in the normal cost of benefits.

Contributions - Required member, District and State of California contributions rates are set by the California Legislature and Governor and detailed in Teachers' Retirement Law. The contributions rates are expressed as a level percentage of payroll using the entry age normal actuarial method. In accordance with AB 1469, employer contributions into the CalSTRS will be increasing to a total of 19.1 percent of applicable member earnings phased over a seven-year period. The contribution rates for each plan for the year ended June 30, 2020, are presented above and the District's total contributions were \$796,507.

On-Behalf Payments - The District was the recipient of on-behalf payments made by the State of California to CalSTRS for community college education. These payments consist of state general fund contributions of approximately \$579,279 to CalSTRS.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources **Related to CalSTRS**

At June 30, 2020, the District reported a liability for its proportionate share of the net pension liability that reflected a reduction for State pension support provided to the District. The amount recognized by the District as its proportionate share of the net pension liability, the related state support and the total portion of the net pension liability that was associated with the District were as follows:

District's proportionate share of the net pension liability	\$ 7,611,945
State's proportionate share of the net pension liability	
associated with the District	4,152,858
Total	\$ 11,764,803

Pension Plans - California State Teachers' Retirement System (CalSTRS), continued

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to CalSTRS, continued

The net pension liability was measured as of June 30, 2019. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating school districts and the State, actuarially determined. The District's proportionate share for the measurement period June 30, 2019 and June 30, 2018, respectively, was 0.008 percent and 0.010 percent, resulting in a net decrease in the proportionate share of .002 percent.

For the year ended June 30, 2020, the District recognized pension expense of \$762,802. At June 30, 2020, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferr	ed Outflows of	Defe	erred Inflows of
	F	Resources		Resources
Difference between projected and actual earnings on				
plan investments	\$	-	\$	293,147
Differences between expected and actual experience		19,216		214,351
Changes in assumptions		962,636		-
Net changes in proportionate share of net pension liability		85,564		842,867
District contributions subsequent to the measurement date		796,507		-
Total	\$	1,863,923	\$	1,350,365

The deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the subsequent fiscal year. The deferred outflows/(inflows) of resources related to pensions will be recognized as follows:

	Deferred		
	Οι	utflows/(Inflows)	
Year Ended June 30,		of Resources	
2021	\$	(20,625)	
2022		(215,200)	
2023		(57,762)	
2024		56,246	
2025		(23,370)	
Thereafter		(22,238)	
Total	\$	(282,949)	

Pension Plans - California State Teachers' Retirement System (CalSTRS), continued

Actuarial Assumptions

The total pension liability for the STRP was determined by applying update procedures to a financial reporting actuarial valuation as of June 30, 2018, and rolling forward the total pension liability to June 30, 2019. The financial reporting actuarial valuation as of June 30, 2018, used the following actuarial methods and assumptions, applied to all prior periods included in the measurement:

Valuation date	June 30, 2018
Measurement date	June 30, 2019
Experience study	July 1, 2010, through June 30, 2015
Actuarial cost method	Entry Age Normal
Discount rate	7.10%
Investment rate of return	7.10%
Consumer price inflation	2.75%
Wage growth	3.50%

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. The best estimate ranges were developed using capital market assumptions from CalSTRS general investment consultant. Based on the model for CalSTRS consulting actuary's investment practice, a best estimate range was determined by assuming the portfolio is re-balanced annually and that the annual returns are lognormally distributed and independent from year to year to develop expected percentiles for the long-term distribution of annualized returns. The assumed asset allocation is based on Teachers' Retirement Board of the California State Teachers' Retirement System (board) policy for target asset allocation in effect for February 2017 the date the current experience study was approved by the board.

Best estimates of 20-year geometric real rates of return and the assumed asset allocation for each major asset class used as input to develop the actuarial investment rate of return are summarized in the following table:

	Assumed Asset	Long-term Expected
Asset Class	Allocation	Real Rate of Return*
Global Equity	47%	6.30%
Fixed Income	12%	0.30%
Real Estate	13%	5.20%
Private Equity	13%	9.30%
Cash/Liquidity	2%	-1.00%
Absolute Return/Risk Mitigation Strategies	9%	2.90%
Inflation Sensitive	4%	3.80%
	100%	_

Pension Plans - California State Teachers' Retirement System (CalSTRS), continued

Discount rate - The discount rate used to measure the total pension liability was 7.10 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and employers will be made at statutory contribution rates in accordance with the rate increase per Assembly Bill 1469. Projected inflows from investment earnings were calculated using the long-term assumed investment rate of return (7.10 percent) and assuming that contributions, benefit payments, and administrative expense occur midyear. Based on those assumptions, the STRP's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term assumed investment rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the District's proportionate share of the net pension liability to changes in the discount rate - The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.10% percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.10%) or 1-percentage-point higher (8.10%) than the current rate:

	1%		Current	1%
	Decrease	D	iscount Rate	Increase
	 (6.10%)		(7.10%)	(8.10%)
Plan's net pension liability	\$ 11,334,816	\$	7,611,945	\$ 4,524,976

Pension plan fiduciary net position - Detailed information about the pension plan's fiduciary net position is available in the separately issued CalSTRS CAFR at http://www.calstrs.com/comprehensive-annual-financial-report.

NOTE 8 - STATE AND FEDERAL ALLOWANCES, AWARDS, AND GRANTS

The District has received state and federal funds for specific purposes that are subject to review and audit by the grantor agencies. Although such audits could generate expense disallowance under terms of the grants, management believes that any required reimbursements will not be material.

NOTE 9 – RISK MANAGEMENT

The District is a member of the Northern California Community Colleges Self-Insurance Authority (the Authority). The Authority is a member of the Statewide Association of Community Colleges Joint Powers Authority (SWACC). The Authority provides for a risk-sharing plan whereby the member districts share in the claims costs as well as the administrative costs of providing property and liability coverages. Financial statements are available from the Authority upon request.

NOTE 9 – RISK MANAGEMENT, continued

Coverage includes property, liability, and workers' compensation insurance. Liability losses in excess of the District's \$1,000 retention amount are covered through the SWACC up to \$25,000,000 per occurrence. Property losses in excess of the District's \$1,000 retention amount are covered up to the District's total insurable values. Workers' compensation losses are fully insured. There has been no significant reduction in any of the insurance coverages from the prior year. Settled claims resulting from these programs have not exceeded insurance coverage in any of the past three fiscal years.

The District is fully insured for its medical and prescription insurance coverage for all eligible employees through California Valued Trust. Employees can select from a number of plans to best fit their needs.

NOTE 10 - OTHER POSTEMPLOYMENT BENEFITS

Plan Description

The Siskiyou Joint Community College District Post-Retirement Health Benefits Plan (the Plan) is a single-employer OPEB plan administered by the District. All full-time employees with 20 or more years of service are eligible to receive District-paid medical benefits from the date of retirement for the remainder of their lives according to the following criteria:

- 1. Administrators, academic, and administrative support management employees hired prior to July 1, 1992, and
- 2. Classified employees hired prior to December 1, 1992.

Board members elected between January 1, 1981, and January 1, 1995, with 20 or more years of service are eligible to receive District-paid medical benefits from the date of retirement for the remainder of their lives.

The District pays 100% of the eligible retirees' medical plan premiums.

The following is a description of the current retiree benefit plan:

			Administrators and	Confidential and
	Faculty	Classified	Board	Supervisors
Benefit types provided	Medical only	Medical only	Medical only	Medical only
Duration of Benefits	Lifetime	Lifetime	Lifetime	Lifetime
Required Service	20 years	20 years	20 years	20 years
Minimum Age	55	55	55	55
Dependent Coverage	No	No	No	No
College Contribution %	100%	100%	100%	100%
College Cap	None	None	None	None

*Retirees with at least 10 but less than 20 years of service qualify for District-paid benefits to age 65

NOTE 10 - OTHER POSTEMPLOYMENT BENEFITS, continued

Funding Policy

The contribution requirements are established and may be amended by the District and the District's bargaining units. The required contribution is based on projected pay-as-you-go financing requirements with an additional amount to prefund benefits as determined annually. Additionally, the District has established an irrevocable trust (the "Trust") with U.S. Bank through the Retiree Health Benefit Program Joint Powers Authority to prefund a portion of the retiree health benefit costs. For the year ended June 30, 2020, the District contributed \$468,529 to the Plan.

Employees Covered by Benefit Term

The following is a table of plan participants at the June 30, 2019 measurement date:

	Number of
	Participants
Inactive Employees/Dependents Receiving Benefits	69
Active Employees	9
	78

Contributions to Trust

Eligible employees are not permitted to make contributions to the Trust. The Plan administrator (CalPERS) shall, on behalf of the employer (District), make all contribution to the Trustee. All contributions shall be paid to the Trustee for investment and reinvestment pursuant to the terms of the trust agreement. The District does not have contractually required contributions rates, but contributes in an amount sufficient to fully fund the total OPEB obligation over a period not to exceed 30 years. The District has a net OPEB liability of \$5,257,062 as of June 30, 2020.

OPEB Plan Investments

The plan discount rate of 6.0% was determined using the following asset allocation and assumed rate of return:

	Percentage of	Assumed
Asset Class	Portfolio	Gross Return
U.S. Large Cap	29%	7.68%
U.S. Small Cap	13%	7.68%
All Foreign Stock	9%	7.68%
Other Fixed Income	49%	3.13%
Total	100%	

Rolling periods of time for all asset classes in combination to appropriately reflect correlation between asset classes. That means that the average returns for any asset class don't necessarily reflect the averages over time individually, but reflect the return for the asset class for the portfolio average. Geometric means were used.

NOTE 10 - OTHER POSTEMPLOYMENT BENEFITS, continued

Actuarial Assumptions

The total OPEB liability in the June 30, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Valuation date	June 30, 2019
Measurement date	June 30, 2019
Fiscal year	July 1st to June 30th
Actuarial cost methods	Entry age normal cost method
Inflation rate	2.75%
Investment rate of return	5.30%
Discount rate	5.30%
Health care cost trend rate	4.00%
Payroll increase	2.75%
Mortality	For certificated employees the 2009 CalSTRS mortality tables were used.
	For classified employees the 2014 CalPERS
	active mortality for miscellaneous employees
	were used.

	(3.00%)			(4.00%)		(5.00%)
Net OPEB liability	\$	4,639,361	\$	5,257,062	\$	5,961,568

NOTE 11 – BENEFICIAL INTEREST IN CHARITABLE REMAINDER TRUSTS – FOUNDATION

Charitable remainder trusts provide for the payment of distributions to designated beneficiaries over the trusts' terms. At the end of the trusts' terms, the remaining assets are available for the beneficiaries' use, subject to donor-imposed restrictions. Assets held in charitable remainder trusts are reported at fair value in the Foundation's statement of financial position. Changes in fair value of charitable remainder trusts are reflected as changes in temporarily restricted net assets in the Foundation's statement of activities.

The Foundation has been named as the irrevocable remainder beneficiary of two charitable remainder trusts (the trusts are administered by a third party). At June 30, 2020, the present value of the future benefits was calculated using a discount rate of 2.0%, estimated rate of return of 2.0%, and applicable mortality tables. Assets held in all charitable remainder trusts at June 30, 2020, totaled \$90,127 and are reported at fair value in the Foundation's statement of financial position.

NOTE 12 – INVESTMENT INCOME – FOUNDATION

A summary of return investments consisted of the following:

Interest and dividends	\$ 98,165
Change in value of charitable remainder trusts	(10,626)
Net realized and unrealized gain (losses)	 44,077
Total Investment Income (Expense)	\$ 131,616

NOTE 13 – SPECIAL EVENTS – FOUNDATION

The following is a summary of special events:

	Craft	5	Scholarship	Siskiyou		
	Fair		Dinner	Promise	Total	
Gross revenue	\$ 6,630	\$	17,075	\$ 7,069 \$	30,774	1
Expenses	 1,278		4,640	(1,483)	4,435	5
Totals	\$ 5,352	\$	12,435	\$ 8,552 \$	26,339)

NOTE 14 – NET ASSETS WITH DONOR RESTRICTIONS – FOUNDATION

Net assets with donor restrictions are available for the following purpose:

Scholarships	\$ 1,187,651
Title III	1,928,247
Beneficial interest in charitable remainder trusts	68,932
Mercy medical	228,989
Total	\$ 3,413,819

NOTE 15 – ENDOWMENTS – FOUNDATION

Endowment composition by type of fund is as follows:

						Total Net
	With	out Donor	V	Vith Donor	E	indowment
	Res	strictions	R	lestrictions		Asset
Donor Restricted Endowment Funds						
Scholarships	\$	24,074	\$	1,163,577	\$	1,187,651
Title III		-		1,928,247		1,928,247
Mercy medical		-		228,989		228,989
Total Endowment Funds	\$	24,074	\$	3,320,813	\$	3,344,887
Endowment Assets- Beginning of Year	\$	24,074	\$	3,118,049		3,142,123
Contributions		-		108,291		108,291
Investment income		-		465,493		465,493
Net unrealized gain		-		(343,684)		(343,684)
Amounts appropriated for expenditures		-		(27,336)		(27,336)
Endowment Assets - End of Year	\$	24,074	\$	3,320,813	\$	3,344,887

Scholarship endowment funds consist of donor restricted contributions received for various scholarship programs. Earnings on these endowments are used for the payment of scholarships under the various programs. Donor-restricted Title III endowment funds are federal grant receipts (and matching contributions) which are to be held for a period of 20 years. Earnings on these funds are to be spent on maintenance of the Rural Health Science Institute. At the end of the 20-year period, the grant proceeds and matching contributions are available to be used to pay various Rural Health Science Institute related expenses.

NOTE 16 – FAIR VALUE MEASUREMENTS – FOUNDATION

Fair values of assets measured on a recurring basis are as follows:

	Level 1	Level 2	Level 3	Total

Total	\$ 3,496,767	\$ -	\$ 68,932	\$ 3,565,699

NOTE 16 – FAIR VALUE MEASUREMENTS – FOUNDATION, continued

Assets measured at fair value on a recurring basis using significant unobservable inputs (Level 3):

Beginning of Year - July 1, 2019	\$ 185,094
Total gains or losses (realized/unrealized)	(10,626)
Purchases, issuance, and settlements	-
Transfers in and/or out of Level 3	 (105,536)
End of Year - June 30, 2020	\$ 68,932

NOTE 17 – IMPACT OF RECENTLY ISSUED ACCOUNTING STANDARDS

New Accounting Pronouncements

The Governmental Accounting Standards Board (GASB) has issued several pronouncements that may impact future financial presentations. Management has not currently determined what, if any, impact implementation of the following statements may have on the financial statements of the District.

GASB Statement No. 84 – Fiduciary Activities. The objective of this Statement is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. The Statement is effective for periods beginning after December 15, 2019.

GASB Statement No. 87 – Leases. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. The Statement is effective for periods beginning after June 15, 2021.

Foundation

In June 2018, FASB issued ASU 2018-08, Not-for-Profit Entities (Topic 958): Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made (ASU 2018-08). ASU 2018-08 clarifies how a not-for-profit entity determines whether a resource provider is participating in an exchange transaction or a contribution, helps an entity to evaluate whether contributions are considered conditional or unconditional by stating that a conditional contribution must have (1) a barrier that must be overcome and (2) a right of return or release of obligation, and modifies the simultaneous release option currently in GAAP, which allows a not-for-profit entity to recognize a restricted contribution directly in unrestricted net assets/net assets without donor restrictions if the restriction is met in the same period that revenue is recognized. Accounting for contributions is an issue primarily for not-for-profit entities because contributions are a significant source of revenue. However, the amendments in the ASU 2018-08 apply to all organizations that receive or make contributions of cash and other assets, including business enterprises. The amendments do not apply to transfers of assets from governments to businesses. For contributions received, ASU 2018-08 will be effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. For contributions made, ASU 2018-08 will be effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2020.

The Foundation has implemented the provisions of this ASU as of June 30, 2020, because management believes it improves the Foundation's financial reporting.

NOTE 17 – IMPACT OF RECENTLY ISSUED ACCOUNTING STANDARDS, continued

New Accounting Pronouncements, continued

In February 2016, FASB issued ASU 2016-02, Leases (ASU 2016-02). ASU 2016-02 requires a lessee to recognize a lease asset representing its right to use the underlying asset for the lease term, and a lease liability for the payments to be made to lessor, on its statement of financial position for all operating leases greater than 12 months. ASU 2016-02 will be effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2021. Although the full impact of ASU 2016-02 on the Foundation's financial statements has not yet been determined, the future adoption of this guidance will require the Foundation to record assets and liabilities on its statement of financial position relating to facility and other leases currently being accounted for as operating leases.

NOTE 18 - COMMITMENTS AND CONTINGENCIES

Contingent Liabilities

The District is subject to legal proceedings and claims which arise in the ordinary course of business. In the opinion of management, the amount of ultimate liability with respect to these actions will not materially affect the financial position or results of operations of the District.

NOTE 19 – SUBSEQUENT EVENTS

The District evaluated subsequent events from June 30, 2020 through February 23, 2021, the date the financial statements were issued. The District concluded that no subsequent events have occurred that would require recognition or disclosure in the financial statements.

NOTE 1 – PURPOSE OF SCHEDULES

Schedule of Changes in Net OPEB Liability and Related Ratios

The Schedule of Changes in Net OPEB liability is presented to illustrate the elements of the District's Net OPEB liability. There is a requirement to show information for 10 years. However, until a full 10-year trend is compiled, governments should present information for those years for which information is available.

Schedule of Contributions - OPEB

The Schedule of the District's Contributions is presented to illustrate the District's actuarial determined contributions relating to the net OPEB liability There is a requirement to show information for 10 years. However, until a full 10-year trend is compiled, governments should present information for those years for which information is available.

Schedule of Proportionate Share of the Net Pension Liability

The Schedule of the District's Proportionate Share of the Net Pension Liability is presented to illustrate the elements of the District's Net Pension Liability. There is a requirement to show information for 10 years. However, until a full 10-year trend is compiled, governments should present information for those years for which information is available.

Schedule of Contributions - Pensions

The Schedule of the District's Contributions is presented to illustrate the District's required contributions relating to the pensions. There is a requirement to show information for 10 years. However, until a full 10-year trend is compiled, governments should present information for those years for which information is available.

Changes of Benefit Terms

There were no changes in benefit terms since the previous valuations for both CaISTRS and CaIPERS.

Changes of Assumptions

There were no changes in assumptions since the previous valuations for both CalSTRS and CalPERS.

SUPPLEMENTARY INFORMATION

SISKIYOU JOINT COMMUNITY COLLEGE DISTRICT DISTRICT ORGANIZATIONAL STRUCTURE JUNE 30, 2020

The District, a political subdivision of the state of California, was established on May 17, 1957. Its territories encompass portions of Siskiyou and Shasta Counties. There were no changes in boundaries during the fiscal year ended June 30, 2020.

The District provides higher education instruction for the first and second years of college education and vocational training.

NOTE 1 - PURPOSE OF SCHEDULES

District Organizational Structure

This schedule provides information about the District's boundaries and schools operated members of the governing board, and members of the administration.

Schedule of Expenditures of Federal Awards

This schedule includes the federal activity of the District under programs of the federal government for the year ended June 30, 2020. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (the Uniform Guidance).

Expenses reported on this schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenses are not allowable or are limited as to reimbursement.

The District has not elected to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance.

Schedule of Revenues and Expenditures of State Awards

The accompanying Schedule of State Financial Awards includes State grant activity of the District and is presented on the modified accrual basis of accounting. The information in this schedule is presented to comply with reporting requirements of the California Community College Chancellor's Office.

Schedule of Workload Measures for State General Apportionment – Annual/Actual Attendance

Full-time equivalent students is a measurement of the number of students attending classes of the District. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionments of State funds are made to community college districts. This schedule provides information regarding the attendance of students based on various methods of accumulating attendance data.

Reconciliation of Annual Financial and Budget Report (CCFS-311) with Audited Financial Statements

This schedule provides the information necessary to reconcile the fund balance of all funds reported on the CCFS-311 to the audited financial statements.

Reconciliation of the ECS 84362 (50 Percent Law) Calculation

This schedule provides the information necessary to reconcile the 50 Percent Law Calculation reported on the CCFS-311 to the audited data.

NOTE 1 - PURPOSE OF SCHEDULES, continued

Details of the Education Protection Account

This schedule provides information about the District's EPA proceeds and summarizes how the EPA proceeds were spent.

Combining Balance Sheet - District Funds Included in the Reporting Entity

This schedule provides a balance sheet detail of all District funds included in the government-wide financial reporting entity.

Combining Statement of Revenues, Expenses, and Changes in Fund Equity - District Funds Included in the Reporting Entity

This schedule provides revenues, expenditures, and changes in fund equity detail for all District funds included in the government-wide financial reporting entity.

Reconciliation of Fund Equity to Net Position and Reconciliation of Change in Fund Equity to Change in Net Position

These schedules provide the information necessary to reconcile the supplemental combining financial schedules to the audited financial statements.

NOTE 2 - COMBINING FINANCIAL STATEMENT SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying combining balance sheet – District funds included in the reporting entity, and the combining statement of revenues, expenditures/expenses, and changes in fund equity – are presented on the modified accrual basis of accounting.

Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they are "measurable" and "available"). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The District considers property taxes available if they are collected within 60 days after year end. A one-year availability period is used for revenue recognition for all other governmental fund revenues. Expenditures are recorded when the related fund liability is incurred. Principal and interest on general long-term debt are recorded as fund liabilities when due or when amounts have been accumulated in the debt service fund for payments to be made early in the following year.

Property taxes, franchise taxes, licenses, interest revenue, and charges for services are susceptible to accrual. Other receipts become measurable and available when cash is received by the District and are recognized as revenue at that time.

NOTE 2 - COMBINING FINANCIAL STATEMENT SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

The District reports advances of revenues on its combining balance sheet. Advances of revenues arise when potential revenues do not meet both the "measurable" and "available" criteria for recognition in the current period. Advances of revenues also arise when resources are received by the District before it has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the District has legal claim to the resources, the liability for advances of revenue is removed and revenue is recognized.

OTHER INDEPENDENT AUDITORS' REPORTS

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Board of Trustees Siskiyou Joint Community College District Weed, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Siskiyou Joint Community College District, as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Siskiyou Joint Community College District's basic financial statements, and have issued our report thereon dated February 23, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Siskiyou Joint Community College District internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Siskiyou Joint Community College District internal control. Accordingly, we do not express an opinion on the effectiveness of the Siskiyou Joint Community College District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Siskiyou Joint Community College District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM; AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

The Board of Trustees Siskiyou Joint Community College District Weed, California

Report on Compliance for Each Major Federal Program

We have audited Siskiyou Joint Community College District's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Siskiyou Joint Community College District's major federal programs for the year ended June 30, 2020. Siskiyou Joint Community College District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of Siskiyou Joint Community College District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Siskiyou Joint Community College District compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Siskiyou Joint Community College District compliance.

Opinion on Each Major Federal Program

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2020.

Report on Internal Control Over Compliance

Management of Siskiyou Joint Community College District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Siskiyou Joint Community College District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Siskiyou Joint Community College District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Purpose of This Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON STATE COMPLIANCE

The Board of Trustees Siskiyou Joint Community College District Weed, California

Report on State Compliance

We have audited Siskiyou Joint Community College District's compliance with the types of compliance requirements described in the *California Community Colleges Contracted District Audit Manual (CDAM) 2019-20*, issued by the California Community Colleges Chancellor's Office for the year ended June 30, 2020.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its state programs.

Auditors' Responsibility

Our responsibility is to express an opinion on Siskiyou Joint Community College District's compliance with the requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *California Community Colleges Contracted District Audit Manual (CDAM) 2019-20*, issued by the California Community Colleges Chancellor's Office. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on the state programs noted below. An audit includes examining, on a test basis, evidence about Siskiyou Joint Community College District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance with the requirements referred to above. However, our audit does not provide a legal determination of Siskiyou Joint Community College District's compliance with those requirements.

Opinion for Each of the Other Programs

In our opinion, the District complied, in all material respects, with the compliance requirements referred to above that are applicable to the programs noted below that were audited for the year ended June 30, 2020.

Other Matters

In connection with the audit referred to above, we selected and tested transactions and records to determine Siskiyou Joint Community College District's compliance with the state laws and regulations applicable to the following items:

- Section 411 SCFF Data Management Control Environment
- Section 421 Salaries of Classroom Instructors (50 Percent Law)
- Section 423 Apportionment for Instructional Service Agreements/Contracts
- Section 424 Student Centered Funding Formula Base Allocation: FTES
- Section 425 Residency Determination for Credit Courses
- Section 426 Students Actively Enrolled
- Section 427 Dual Enrollment (CCAP and Non-CCAP)
- Section 428 Student Equity
- Section 429 Student Success and Support Program (SSSP)
- Section 430 Scheduled Maintenance Program
- Section 431 Gann Limit Calculation
- Section 435 Open Enrollment
- Section 439 Proposition 39 Clean Energy
- Section 444 Apprenticeship Related and Supplemental Instruction (RSI) Funds
- Section 475 Disabled Student Programs and Services (DSPS)
- Section 479 To Be Arranged Hours (TBA)
- Section 490 Proposition 1D State Bond Funded Projects
- Section 491 Proposition 55 Education Protection Account Funds

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing over state laws and regulations based on the requirements described in the *California Community Colleges Contracted District Audit Manual (CDAM) 2019-20*. Accordingly, this report is not suitable for any other purpose.

SISKIYOU JOINT COMMUNITY COLLEGE DISTRICT SCHEDULE OF AUDIT FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED JUNE 30, 2020

Section II – Financial Statement Findings

This section identifies the significant deficiencies, material weaknesses, and instances of noncompliance related to the financial statements that are required to be reported in accordance with *Government Auditing Standards*.

There were no financial statement audit findings or questioned costs identified during 2019-20.

SISKIYOU JOINT COMMUNITY COLLEGE DISTRICT SCHEDULE OF AUDIT FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED JUNE 30, 2020

Section III – Federal Award Findings and Questioned Costs

This section identifies the audit findings required to be reported under Uniform Guidance.

There were no federal award findings or questioned costs identified during 2019-20.

SISKIYOU JOINT COMMUNITY COLLEGE DISTRICT SCHEDULE OF AUDIT FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED JUNE 30, 2020

Section IV – State Award Findings and Questioned Costs

This section identifies the audit findings pertaining to noncompliance with state program rules and regulations.

There were no state award findings or questioned costs identified during 2019-20.

FINDING #2019-001 – CASH ACCOUNT RECONCILIATION

Criteria

District Administrative Procedure 6300 requires proper safeguarding and managing of District assets to ensure ongoing effective operations; maintenance of adequate cash reserves; and implementation and maintenance of effective internal controls.

Condition

In our testing over cash account reconciliations, we noted that bank accounts were not always reconciled timely, and preparer and reviewer signature and date were not in place.

Effect

Non-compliance with District procedures and effective internal controls.

Cause

The District did not have a formal policy or practice in place to ensure accounts are properly reconciled.

Fiscal Impact

No direct fiscal impact.

Recommendation

We recommend that all bank accounts, including the county treasury, be reconciled within 30 days of the period close (or 30 from receipt of statement), and contain a clear prepared signature and date and a reviewer signature and date.

Management's Response and Corrective Action Plan

The District has evaluated its current practice of bank account reconciliations. The reconciliation processes has been formally imbedded into the monthly workload calendar for timely completion and to provide stronger internal controls. Additionally, both the preparer and reviewer signatures and dates will be affixed to all reconciliations going forward.

Current Status

FINDING #2019-002 - PROCUREMENT

Criteria

Public Contract Code Section 22019, as adopted by District resolution, requires that formal bids (with an estimated contract value of \$200,000 or greater) solicited out of Siskiyou County be advertised to three mandatory trade journals: Construction Bidboard (eBidboard), McGraw-Hill Construction Dodge, and Shasta Builders' Exchange.

Condition

In our testing over bidding procedures, we noted that a formal bid for the Natural Grass Soccer Field Renovation, which occurred during the 2018-19 fiscal year, was advertised to several local trade journals, including the Shasta Builders' Exchange, but that it was not advertised to the Construction Bidboard (eBidboard) and McGraw-Hill Construction Dodge trade journals, as required.

Effect

Non-compliance with Public Contract Code Section 22019.

Cause

Clerical oversight.

Fiscal Impact

No direct fiscal impact.

Recommendation

We recommend that all formal bids be reviewed to ensure that all applicable Public Contract Code requirements are met.

Management's Response and Corrective Action Plan

The District has researched the formal bid process associated with the Natural Grass Soccer Field Renovation. Going forward, the District bid process will be in full compliance of the Public Contract Code Section 22019 and Criteria Public Contract Code Section 22019. Staff has been educated in the area of compliance, resources made available for reference with checks and balances put into place to mitigate any future errors. In addition, the Director of Facilities and Maintenance fulltime permanent position has been vacant since February 2019 and the District anticipates filling this role by January 2020.

Current Status

FINDING #2019-003 – GIFT CARDS

Criteria

District Administrative Procedure 6300 requires proper safeguarding and managing of District assets to ensure ongoing effective operations; maintenance of adequate cash reserves; and implementation and maintenance of effective internal controls.

Condition

In our testing over expenditures, we noted gift cards were purchased for note takers over the DSPS program. There was no proper tracking over gift cards to ensure who was provided the gift cards.

Effect

Non-compliance with District procedures and effective internal controls.

Cause

The District did not have a formal policy or practice in place over the use of District purchased gift cards.

Fiscal Impact

No direct fiscal impact.

Recommendation

We recommend that the district adopt policies and procedures over gift cards to ensure all gift cards are tracked by amount and name.

Management's Response and Corrective Action Plan

The Disabled Student Programs and Services (DSPS) staff maintain an inventory log to track all gift certificates given to student note takers. The log currently consists of name of student, subject for which they are taking notes, the gift certificate number, the signature of the student receiving the gift certificate, and the date the gift certificate was picked up or mailed to the student. The inventory log will be improved to include the name of the program (DSPS), the semester or term, the amount of the gift certificate, and the date the gift certificate was purchased. During 2019-20, the District will develop a Statement of Procedure related to Gift Card purchasing, inventory and tracking.

Current Status

FINDING #2019-004 – FEDERAL COMPLIANCE (STUDENT FINANCIAL ASSISTANCE CLUSTER – SPECIAL TESTS- DIRECT LOANS)

Condition

Two out of 25 Direct Loan student files selected for testing did not contain evidence that the borrower's right to cancel letter was completed.

Criteria

The institution must notify the student, or parent, in writing of (1) the date and the amount of the disbursement; (2) the student's right, or the parent's right, to cancel all or a portion of that loan or loan disbursement and have the loan proceeds returned to the holder of that loan or returned to the Department of Education; and (3) the procedure and time by which the student or parent must notify the institution that he or she wishes to cancel the loan (34 CFR section 668.165(a)(6)(i)). The institution must make this notification to the student or parent no earlier than 30 days before, and no later than 30 days after, crediting the student's account at the institution.

Cause

While the District indicates that the borrower's right to cancel letter was completed, copies of the letters or mail logs were not kept as documentation to support their assertion.

Effect

If the District does not provide the student or parent with the borrower's right to cancel letter, the student or parent are not given the chance to cancel the loans.

Recommendation

We recommended that the District create an electronic notification provided to each student or parent within 30 days of the first disbursement of student loans. This notification should be integrated into the District software to document the date this letter was sent. Alternatively, the District may continue mailing paper letters to each student or parent provided that a copy of the letter is kept in the student file.

Management's Response and Corrective Action Plan

The District agrees with this finding. The District recently acquired, and is now using an automatic scheduler, "Atomic," which has the ability to automatically schedule and send correspondence. Due to changes in staffing, the "Borrowers Right to Cancel" letter was scheduled, but not implemented. Staffing changes have taken place and this notification will be included in our automatic scheduler.

Current Status

FINDING #2019-005 – FEDERAL COMPLIANCE GRAMM-LEACH BLILEY ACT

Criteria or Specific Requirement

The Gramm-Leach Bliley Act (GLBA) requires districts to have a documented response to the Safeguards Rule. Specifically, this response covers key requirements including:

- Designate an information security officer and related oversight responsibilities for the institution's security.
- Assess the risks to confidential information, assess the level of mitigating controls in place, and identify action plans to accept or further mitigate remaining risks.
- Implement an information security program, including various technical and physical underlying controls, such as data encryption and secure shredding processes.
- Oversee vendor relationships to ensure confidential data are secured at their locations when applicable and access is controlled when vendors connect to the institution.
- Perform an ongoing evaluation of their program to keep content current with an ever-evolving security environment.

Condition

We noted that the development of the response is currently underway with anticipated completion and implementation during 2019-20.

Questioned Costs – Not applicable

Context

Compliance with GLBA requirements.

Effect

The intent of the GLBA Safeguards Rule is to enhance security over confidential information. Without a documented response to all applicable requirements, the District is more susceptible to IT vulnerabilities than it would be following full implementation.

Cause

Steps taken in response to GLBA compliance requirements, new for the 2018-19 year, require extensive administrative efforts to implement.

Recommendation

The District should continue towards full implementation of its documented response to the GLBA Safeguards Rule in the 2019-20 year.

Management's Response and Corrective Action Plan

The District has researched the requirements of The Gramm-Leach Bliley Act (GLBA) and will be in full compliance in 2019-20. Staff has been educated in the area of (GLBA) compliance with resources identified for reference in order to complete the development of this document in a timely manner. Findings from this assessment will augment the security controls and will be utilized to reduce risk of known issues, provide building blocks for the District's Information Security Program, and act as a baseline for the ongoing evaluation of the program.

Current Status

FINDING #2019-006 – STATE COMPLIANCE (STATE GENERAL APPORTIONMENT FUNDING SYSTEM)

Criteria

The total student contact hours reported for each class under the actual hours of attendance procedure should be the sum of the individual attendance hours total for each student in the class as reported by the instructor (5 CCR 58003.1(d) and 5 CCR 58003.1(g)).

Condition

During our testing of state general apportionment funding system, we noted that 1 out of 40 courses tested did not properly total the number of hours of attendance. Therefore, the hours certified by the instructor did not agree to the roster. The identified course was an actual-hours-of-attendance census-type course where the District relies upon instructor certified rosters as the basis for supporting hours claimed.

Questioned Costs

We identified two courses with roster support that did not agree to hours claimed on the CCFS-320. We extrapolated the net overstatement for our audit testing of 1 hours to be a 0.0003% error rate. As the amount is less than 1 FTES, there is no questioned cost.

Cause

Clerical error as instructor left the District prior to submission of the support for hours noted above.

Effect

Non-compliance with state general apportionment funding requirements.

Recommendation

We recommend that the District reconcile actual hours reported to the hours supported by physical instructor rosters.

District Response

The District agrees with the finding and believes this to be an isolated incident. The District has implemented new internal procedures requiring all faculty with positive attendance classes to report their attendance hours on an excel worksheet that automatically calculates the hours for each students to eliminate any calculating errors. These will become the source documents to ensure any variances in the District's reporting system are detected prior to submission.

Current Status

FINDING #2019-007 – STATE COMPLIANCE (ANNUAL CCFS-311 REPORTING)

Criteria

The California Community Colleges Chancellor's Office requires that each community college district report the financial activity of the General Fund on a quarterly basis via the CCFS-311Q report and the districts' total revenues and expenditures for the fiscal year via the CCFS-311 by October 10 of each year. This report is also required to include the adopted budget for the subsequent fiscal year.

Condition

In our testing of the District annual CCFS-311 for the fiscal year 2018-19, we noted that the certification and filing did not occur by October 10, 2019.

Questioned Costs

No questioned costs noted.

Effect

Noncompliance with submission requirements for the annual CCFS-311.

Cause

The annual CCFS-311 report was certified to the State Chancellor's Office after October 10, 2019.

Recommendation

We recommend that in accordance with the instructions of the State Chancellor's Office for the Annual Financial and Budget Report requirements, the annual activity of all funds of the District be made available to the public on or before September 30 of each year and be submitted to the Chancellor's Office no later than October 10 of each year.

District Response

The 2018-19 final CCFS-311 report was completed and certified with the State Chancellor's office on October 14, 2019, after the due date. To ensure timely certification in the future, Fiscal Services will formalize monthly and quarterly review processes for various asset and liability accounts such as cash and payroll liabilities as well as monitoring grant and categorical program spending levels throughout the year to eliminate increased year-end spending activity.
