Meeting Notes

- Welcome
- No changes to notes from 11/30/20 meetings
- Report from GP Steering Committee – *SOAA (Scale of Adoption Assessment) being completed and being routed through governance groups. Other details from the meeting being referenced can be found here: http://www.siskiyous.edu/pathways/agendas_minutes/20201202_notes.pdf*
- Report out from Focus groups
 - a. Recruitment/Outreach leaders (Meghan and Athena) – *Melissa met with the coaches and they reviewed our recruitment materials; we’re doing more outreach to Black students; Melissa did a Program Review for the recruitment area; Melissa working on a process map; the lack of funding to support programs and efforts impacts what we can do for events*
 - b. Enrollment/Enrollment Management leaders (Melissa and Debbie) – *looked at FTES and enrollment strategies in preparation for spring*
 - c. Career Exploration leaders (Christina and Marcy) – *haven’t met since last Pillar 2; Youscience was discussed and taken back to the counselors for review; Siskiyou Works (K-14) determining work plan for this coming year which will primarily involve K-12 students; looking to expand work based learning opportunities and include work experience credit (county wide collaborative) and support high school students to connect to COS*
 - d. Onboarding/Orientation leaders (Charlie and Josh) – *SOAR is 100% remote using Canvas and improvements made; cohorts by academic year have been created for better data collection and extraction; currently we have to manually add students, but IT is investigating if that can be resolved*
- Determine data needs for Pillar 2 – *some data requests are being made through non-instructional Program Reviews – “service area outcomes”; data needs = top 5 issues for students – them focus on resolving those, how many students who participate in campus events (games,*

performances, Preview Day, etc) end up applying to COS? Can we get this info? Christina said the local high school folks said they are willing to send out stuff out to their students.

- *Continued discussion on MyPath – Melissa requested the Counselors and Advisors, Jude, Carly, Regina, and Stephanie have a demo and provide additional input before going live*
- *Meeting days/times for spring – No noon but before 4pm; make sure times don't interfere with governance group meetings; Mondays are good*
- *Other – build a way to collect names of students and follow up – “prospect management” - option in Banner?*
- *Agenda items for next meeting – none noted*
