Pillar Updates</b></p> <ul style="list-style-type: none"> <li>○ <b>Pillar 1:</b> May meeting is final meeting until fall; faculty are concerned with the prescriptive nature of course by term requirement in eLumen in the completion of Program Maps; program information will copied from COCI and into eLumen for faculty review; data entry help has been identified by the Instruction Office; the importance of courses being in eLumen so that “program mapper” can be used will be shared with Senate Exec.</li> <li>○ <b>Pillar 2:</b> meeting Monday (April 14)</li> <li>○ <b>Pillar 3:</b> a PPT highlighting the reasons for GP and Pillar 3 specifically was created as a refresher and will be share at the next meeting along with an overview of what other pillars are doing; main goal upcoming will be “early alert”</li> <li>○ <b>Pillar 4 –</b> Action item was to highlight Pillar accomplishments at the April all-college meeting. Unfortunately, we were pressed on time so, we just reiterated GP vision and design principles and reminded folks that they are all serving on a Pillar Team. Used March meeting time for thinking of questions on which to base a philosophical framework – what do we want students to learn while attending COS.</li> </ul> <p><b>Old Business</b></p> <p><b>I. GP Coordinator Job Description</b> This needs to be negotiated prior to soliciting interest.</p> <p><b>II. Guided Pathways Funding Request – Can GP funds be used by an outside agency –</b> for this proposal, it would be considered supplanting since we are paying a COS employee, under the employment of an outside agency, to serve COS students (yes, tricky). Thanks Sunny for the input!</p>

Sunny said GP practices require a complete overhaul of the system, which cannot happen in 5 years. The seed money that college received does end after the 5-year timeframe (6/30/22), but there is a commitment to continuing support for colleges as GP aligns with the Vision for Success.</li> </ul> <p><b>Adjourn</b></p>
