Date: Monday, June 26, 2023 9:19:42 AM

Hello Siskiyous!

This week's Updates:

- **Enrollment Report:** Can be accessed [here](#). Our fall enrollments are currently looking good but are dependent on the number of fraudulent enrollments. Kudos to Meghan, Chris and the Student Services team who are dealing with the fraudulent enrollments on a daily basis!!
- **No All-College Email next week:** Starting tomorrow, I will be out of the office on a mix of work and non-work related events. I will be returning to campus on Mon. July 10th. In my absence, Vice President Patrick Walton will be serving as Acting President.

Suggestion Box Comments:

- **Bear Trail:** Any damage to the Bear Trail, resulting from the Fire Mitigation Project, will be repaired.
- **Recommendation for shelves, hooks, art-work in new Gender Neutral bathrooms:** We have ordered hooks and shelves and they will be installed once received. Regarding decorations, we would like student input and hope to speak to ASB at the start of the fall semester.
- **Why did the bathrooms in student center get converted to gender neutral?** As mentioned in last month's response to this comment, the men's bathroom was not ADA compliant due to space and was slated for conversion into a single stall. For both the Men's and Women's bathrooms, there was a previous situation related to safety and minors' use of the bathrooms.
- **Where are the vending machines?** Some of the vending machines were removed due to the vendor company canceling their contract with the College due to lack of use/funds from the vending machines. If you would like a snack or a 'grab and go' meal, you can go to the Cafeteria between 7:00 am - 5:00 pm (hot items stop at 2:00 pm - grab and go items will be available 2:00 - 5:00 pm).
- **Locking of Gender-Neutral Bathrooms (x2):** There were two comments regarding people not locking the gender-neutral bathrooms and a recommendation for a partition to be placed around the stalls. We are working with Facilities and Maintenance to address this issue. In the meantime, 'please lock door' signs have been placed on the outside of each door.
- **Concern regarding length of time for the Class/Comp Study:** We have a meeting scheduled with McKnight to discuss our dissatisfaction regarding the length of time as it relates to the expense of the project.

Thank you and have a wonderful week as well as fantastic 4th of July!
