Hello Siskiyous and happy last day of the fiscal year!

This week's updates:

- **Enrollment Report:** Can be accessed by visiting:
<https://www.siskiyous.edu/committees/enrollment/reports.htm>
- **Maintenance and Facilities updates:** The tree removal project is moving to the internal campus areas beginning this week in parking lot C and behind and around the lodges. As a reminder, you will not be able to turn left off of Siskiyou Way onto campus. Please park in lots A, F, E or D during tree removal. Construction continues in the Life Science swing space classroom. The exterior painting is complete on the maintenance shop and fire engine bay.
- **Keep it Clean Campaign!** Research shows that a clean office significantly reduces the spread of germs and allergens, leading to fewer sick days and a healthier workforce. Dust, mold, and bacteria can accumulate in untidy areas, contributing to respiratory issues and other health problems. Regular cleaning minimizes these risks, creating a safer environment for everyone. The Public Information Office will be kicking off a 'Keep it Clean' campaign during the month of July. Boxes and other items need to be moved off of the floor and put onto shelves or disposed of in a trash bin. If an area has a large volume of trash, please place an FMX and Ronnie's department will utilize the trailer to fill and then take to the dump after it is filled.
- **Reminder: Campus Closed July 3 and July 4:** The Weed and Yreka campuses will be closed on Thursday, July 3 due to water main repairs and closed on Friday, July 4th in observance of 4th of July. The campuses will reopen on Monday, July 7, 2025.
