Hello Siskiyous!

THANK YOU to everyone who participated/contributed on Saturday's Soar & Explore event. It was a tremendous success!

This week's updates

- **Enrollment Report:** Can be accessed by visiting the [Enrollment Report webpage](#).
- **Maintenance and Facilities Updates:** This week starting Monday, Precision Builders will be completing the office construction in Eddy Hall SAS department. Plumbing contractors and Eric Ross Tile will be addressing the water leak in the Juniper Lodge bathroom. Foam Experts and Benson roofing will be on the Weed campus for the maintenance shop roof and the engine bay roof replacement projects on Wednesday. C&R Combustion and landscape company will be on the Yreka campus.
- **Fall Convocation and Flex Day Reminder:** Convocation and Flex are scheduled on Thursday Aug 14 and Friday Aug 15. The agendas can be accessed [here](#). If you haven't done so already, please ***pick up your complimentary book*** that accompanies the Convocation Workshop, Difficult Conversations. The book can be picked up in Human Resources. This year's convocation is completely different from past convocation days in the following ways: We will be in the gym, there will be no 30 - 45 minute update from President's Cabinet, the main session is a workshop (as opposed to a keynote), and we will be situated in small groups. As a reminder, Convocation is mandatory for all employees. There will be an attendance sheet at each table/room. Make sure to sign in for each session you attend.
- **FMX Reminder:** For all maintenance requests and room reservations (including athletic fields), please use the FMX feature in order to prevent any scheduling conflicts and/or liability concerns. FMX can be accessed here:
<https://www.siskiyous.edu/maintenance/fmx.htm>.
- **Siskiyou County Climate Resiliency Survey:** The 10-minute survey gathers input on challenges such as wildfire, drought, extreme heat, and flooding. Responses will help inform an actionable, equity-centered Climate Resiliency Plan designed to strengthen Siskiyou County and secure future funding and resources for long-term resilience. For more information and to take the survey, visit:
<https://www.siskiyoucounty.org/news/survey>.

Have a great week!

Char
