---

Hello Siskiyous and Happy first week of the Spring Semester!

*This week's updates*

- **Enrollment Report:** Can be accessed by visiting the [Enrollment Report webpage](#).
- **Maintenance and Facilities Updates:** Swing Space office/department move details can be accessed [here](#). M&O is completing the final swing space department requests. Kudos to the maintenance team who has gone above and beyond to make the spaces accommodate the new classes! SVM plumbing will be at the sand courts working on the drain system.
- **Town Hall - Construction:** Fri. Jan. 30, 2026 12p - 1p via Zoom. Flyer attached. Feel free to reach out if you need the Outlook invite re-sent.
- **Addressing the Challenge of Agentic AI:** Fri. Jan 30, 2026 1p - 2p. You're invited to attend this engaging event centered on the rise of agentic artificial intelligence (AI) and its implications for teaching, learning, and assessment in the California community colleges. This webinar is currently full but those interested can visit the [livestream overflow room](#) to view the webinar.
- **Roseburg Career Event (Part 2):** Scheduled on Mon. Feb 2, 2026 from 10a - 1p in the LRC lobby. This is a collaborative event between SMART and College of the Siskiyous. Flyer attached.
- **Convocation Presentations:** The Convocation Presentations are now available on the Flex Committee Webpage: <https://www.siskiyous.edu/committees/flex/>

**Reminders for the Start of the Semester:**

**Happy Fox:** Is the Tech Services Online Help Desk. To submit a request visit:

<https://siskiyous.happyfox.com/home/>

**FMX:** Is the Facilities and Maintenance request portal. For instructions and link to the portal, visit: <https://www.siskiyous.edu/maintenance/fmx.htm>

**COS Connect:** Emergency Alerts and Notification System. If you haven't done so already, please register for COS Connect: <https://member.everbridge.net/453003085611736/login>

**5911 Campus Emergency Radio Line:** Call 5911 if you observe/witness/experience - water leaks or flooding, power loss, lighting issues, icy sidewalks, fallen trees or limbs, office or classroom lockouts, tripping or slip hazards, out of the ordinary noises in the attic or walls, broken windows, animals on campus. 5911 can also be used to request a 'safe walk' to your

vehicle and/or classroom.

**Call 911:** For immediate assistance from the police, fire department, or ambulance.

**Overnight Parking:** Overnight parking is allowed on the Weed campus only. It will be available for Lodge residents and students or employees participating in overnight college sponsored trips. A valid overnight parking permit must be displayed, hanging visibly from the rearview mirror of your vehicle. Permits can be obtained as follows: Lodge residents will receive theirs in their welcome packets, athletes from their coaches, and Upward Bound/TRIO participants from their leads. Each permit comes with a corresponding map outlining authorized overnight parking areas. Parking overnight in an area not designated for overnight parking, or parking in a designated area without a visible permit may result in warning notices or citation. If you have any questions or need more information, please feel free to call (530)938-5220.

**Information and Training:** [Active Shooter](#), [Non-Discrimination Policies](#), [Workplace Violence Prevention Program \(WVPP\)](#), [Severe Weather/Emergency Procedures](#), [Draft of AP 3415 Non-Participation in Immigration Enforcement Activities](#).

- **American Association of University Women (AAUW) Screening of Space, Hope and Charity:** Fri. Jan 30 from 3p - 4:30 at the Yreka Campus, RHSI Room 119. An award-winning independent documentary film about Charity Woodrum, a young woman from rural Oregon whose dream of becoming an astrophysicist is nearly derailed when she suffers a devastating tragedy. Charity was a nontraditional university student, raised in poverty, the first in her family to graduate from high school. In her mid-20s, she was married and nine months pregnant when she decided to return to school to study physics. Life felt perfect. Then, what she calls "The Worst Day." Her world was destroyed. With help from friends old and new, she finds her way back to the distant galaxies where she feels most at peace. Flyer attached. This event is open to all!
- **Beyond Silos: Bridging Academic and Student Affairs to Advance Student Wellbeing:** **Thursday Feb 5 at 11a** - The US Health Promoting Campuses Network and the LearningWell Coalition convene national leaders to launch a one-hour, cross-sector webinar conversation on integrating wellbeing into the student experience. To register, click [here](#).

### **Introducing our new Career Technical Education (CTE) Dean - Dr. Jeremiah Sims**

Dr. Jeremiah J. Sims is a proud California Community College product who transferred from Berkeley City College to the University of California, Berkeley, earning a B.A. in Rhetoric with honors and an M.A. and Ph.D. in Language, Literacy, and Culture. He previously served as the inaugural Director of Equity at the College of San Mateo and later worked as a consultant supporting community colleges nationwide in building justice-advancing, antiracist ecosystems

of belonging. A former faculty member, lecturer, trainer, and coach, Dr. Sims is a scholar-practitioner who has written or co-written four peer-reviewed books on educational equity and justice. His leadership centers radically humanizing pedagogy, dignified workforce pathways, and the integration of equity, innovation, and belonging across institutional systems. He lives in Redding, California with his partner, Rachel, and their six sons.

Dr. Sims's first day is Monday, Feb 2, 2026. Please join me in welcoming Dr. Sims!

Thanks all and have a fantastic start to the spring semester!
