Hello Siskiyous!

This week's brief updates/announcements:

- **Facilities, Maintenance, and [Construction](#) Updates:** Fencing for the theater project will go up on June 29th. Construction will begin on July 6th. The student housing project has an elevator pit, and the elevator pit walls were poured last week. The project remains on schedule.
- **Campus Closure Notice - Thursday June 25, 2026:** The City of Weed has informed us that a vital meter installation will take place on Thursday, June 25, which requires shutting off the water supply to the Weed Campus. While the city expects water to be restored between 9:00 AM and 2:00 PM, they cannot guarantee an exact timeframe. Due to this disruption, the Weed Campus will be closed on June 25. To accommodate our on-campus residents, CTE courses, and Jazz Camp students and staff, portable restrooms (Blue Rooms) will be deployed on campus. As with the Weed Campus, essential courses occurring at the Yreka Campus have the option to continue. Pursuant to the CSEA Collective Bargaining Agreement (CBA), Yreka staff have the option to take the day off.
- **Temp 30:** Starting in early August, Cal Fire will be moving into Temp 30. Cal Fire, welcome to our campus!
- **Siskiyous A+ Rating!** Siskiyous has earned a prestigious A+ rating on the California College & University Smoke & Tobacco-Free Policy Report Card! This top-tier grade, awarded by the California Youth Advocacy Network (CYAN), celebrates the college's transition to a 100% smoke- and tobacco-free campus.
