Hello Siskiyous!

I hope you had a fantastic weekend!

This week's updates:

- **Enrollment Report:** Can be accessed by visiting the [Enrollment Reports webpage](#).
- **Maintenance, Facilities and [Construction](#) Updates:** The maintenance team is working hard to make repairs to the above ground irrigation. Sprinklers, valves, and stations have to be repaired due to the construction. The Student Center is having the floors waxed this week. No one is allowed in this area once the work begins. The custodial crew will begin today at 2 PM.
- **AI Builders Challenge with IBM Bob - Student AI Challenge Competitions & Virtual Conference:** Participate in the AI Builders Challenge your way. Learn at the AI Builders Conference with IBM Bob and through educational resources from IBM SkillsBuild, or build real-world AI solutions with IBM Bob through monthly innovation challenges and compete for your share of the \$15,000 prize pool. Learn, build or both — it's up to you! To learn more, visit <https://aibuilderschallenge-bob.bemyapp.com/>. Feel free to share with students. Thanks JT for the reference!

Thank you and have a wonderful week!
