SLO Committee Agenda
Tuesday, May 5th, 2021
12:30 pm to 1:30 pm
on Zoom
https://siskiyous-edu.zoom.us/j/94431146192

Discussion:

Question #1

What should be our first steps creating the SLO assessment process and where do we look for guidance?

I think we all can agree that the outcome function in Canvas is the obvious choice, it's already purchased, and it has the potential to be a very effective and efficient tool that can interface directly with the program review module in eLumen (again, already purchased).

Question #2

If we are going to go in this direction, what do we need to do to make this happen? On our side, do we need to train our faculty by using flex credit or other means?

Is there something that the DE committee needs do, or the folks at Canvas, or eLumen? Is there an order of steps that need to be taken by these entities, if so, what are they?

Question #3

If we use the outcome function in Canvas, does that mean all faculty, even adjuncts, need to be certified in its use. How does this affect contracts and is this a negotiated item?

Question #4

How does this plan work with our already created SLO Manual? If we need to make changes, how do we go about doing it. What if the faculty doesn't agree with this plan? Do we need to make a motion, and have a vote on it?
