Meeting Notes

September 16, 2015

1:00 pm

DLC 4

Present: David Fleet, Jim Gilmore, Eric Houck, Nancy Shepard

1. Review of last meeting notes and followup on action items – We followed up on PrestoSports and what had been done since last meeting. Dennis Roberts has identified potential funding and was going to invite PrestoSports to meet with us for next steps. As we haven't heard anything further, Nancy will follow up.
2. Update on website rebuild and/or refresh – Nancy reviewed conversations we have had to date with people who may assist us with our web remodel project and read from responses she received on the CISO-ALL listserv when she asked this question out to the group. After reviewing these, the group felt it would be worth pursuing an assessment with James Fitch, who has done similar work at Hartnell College, as well as working with others on similar web update projects. Nancy will contact some of the references he has sent us.
3. Other – Next meeting is Wednesday, October 21.
