Meeting Agenda

1) Note-taker? (Sends meeting notes to Sunny or Char for website posting)
2) Can courses and/or programs be in more than one Super Major?
3) What do we call this thing? Clusters? Super Majors?
4) What goes in each of the clusters/Super Majors?
5) Curriculum Cluster analysis for overlap- What's the process?
6) Archive (Timelines? Admin responsibility?)
7) What is our official Program Approval Process?
8) Faculty Advisors?
9) Timelines for each of the above
10) Discuss these comment themes and decide (as a pillar) if you want to use the top 3-4 themes, all six, or find a way to merge all six into three, etc.
11) "Define" each theme/principle chosen, so everyone has a common understanding of what each means (like "small town touch"), etc.
12) The compiled drafted design principles (from Orientation Day) yielded the following themes with "Straight Forward, Simple, Efficient, Effective' having the highest votes:
    a. Common Themes:
        i. Equity- Inclusion: 24
        ii. Flexibility: 24
        iii. Data Driven: 26
        iv. Small Town Touch: 31
        v. Student Centered: 57
