Hello Siskiyous,

First, my thoughts and prayers go out to all of those impacted by the numerous fires. The attached Wildfire Safety Checklist was included in a previous Campus Connection. I thought it might be timely for me to re-attach. Resources for evacuees can be accessed here: <https://krcrtv.com/news/local/shelter-locations-for-mckinney-fire-evacuees>. Kudos to Ronnie, the maintenance and facilities team, iVPAA Klever and VPSS Walton for assisting with wildfire response requests. As you know, the Yreka Campus is currently closed. We are closely monitoring the fires in the County and will provide updates as they occur.

*This week's updates:*

- The online courses in this curriculum provide a deeper understanding of structural racism and institutional biases. They are intended to support California community college employees in obtaining the knowledge needed to lead local DEI efforts, take personal and institutional responsibility for the success of students and help to retain diverse faculty and staff.
- **CCC | Equitable Recovery in Action: Becoming Antiracist, Student Ready Institutions** - Aug. 17, 2022 12p - 1p. For more information and to register, click [here](#).

August is national Wellness Month. It's a time to reflect on the effects of external stressors and to commit to self-care. Our Convocation keynote, Dr. Geisce Ly, will be providing a 'Practice Better Self-Care for your Mental Health' workshop. Additionally, throughout this academic year, we will be focusing on Mental Health and will be providing a number of workshops, small groups, and individual appointments for both students and staff.

In the meantime, you can practice mindful breathing by clicking on the 30 second video below. Take care everyone!
